The infographic features a dark blue background with a light blue geometric border. In the center, a large light blue circle contains the text '78%'. Below this, the text 'Emissions Reductions' is displayed in a light blue sans-serif font, followed by '2035 target for UK government' in a smaller, all-caps light blue sans-serif font. On the left and right sides, there are partial views of light blue hexagonal shapes with brown and white internal details, resembling stylized buildings or industrial components.
