Except where the context otherwise requires, references in this Prospectus to Notes being "listed" (and all related references) shall mean that such Notes have been admitted to trading on the London Stock Exchange's regulated market and have been admitted to the Official List. The London Stock Exchange's regulated market is a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2014/65/EU (as amended, "MiFID II")). Where a Series of Notes is rated, such rating will be specified in the applicable Final Terms, and will not necessarily be the same as the rating assigned to the relevant Issuer or, if applicable, the Guarantor. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Notes issued under the Programme will have a minimum denomination of €100,000 (or its equivalent in any other currency as at the date of the issue of the relevant Notes).

The date of this Prospectus is 20 June 2019

This Prospectus comprises a base prospectus for the purposes of Article 5.4 of the Prospectus Directive. The "Prospective Directive" means Directive 2003/71/EC (as amended or superseded), and includes any relevant implementing measure in a relevant Member State of the European Economic Area.

The Issuers and the Guarantor (the "Responsible Persons") accept responsibility for the information contained in this Prospectus and, in respect of a Tranche of Notes, for the information contained in the applicable Final Terms for such Tranche. To the best of the knowledge of the Issuers and the Guarantor (each having taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

The Notes may be issued on a continuing basis to one or more of Barclays Bank PLC, BNP Paribas, Citigroup Global Markets Limited and NatWest Markets Plc and any additional dealer appointed under the Programme from time to time by an Issuer (each a "Dealer" and together the "Dealers"), which appointment may be for a specific issue or on an ongoing basis. References in this Prospectus to the "relevant Dealer" shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe for such Notes.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained herein which are applicable to each Tranche (as defined under "Terms and Conditions of the Notes") of Notes will be set out in the applicable final terms (the "Final Terms") which, with respect to Notes to be listed on the London Stock Exchange, will be delivered to the FCA and the London Stock Exchange.

The only persons authorised to use this Prospectus in connection with an offer of Notes are the Issuers, the Guarantor and the persons named in the applicable Final Terms as the relevant Dealers or Managers.

Copies of Final Terms will be available from the registered office of the Issuers and the specified office of each of the Paying Agents (as defined below), see "Terms and Conditions of the Notes".

This Prospectus is to be read in conjunction with all documents which are incorporated herein by reference (see "Documents Incorporated by Reference"). This Prospectus shall be read and construed on the basis that such documents are so incorporated and form part of this Prospectus.

This Prospectus supersedes any prospectus or offering circular with respect to the Programme issued prior to the date hereof. Any Notes issued under the Programme on or after the date of this Prospectus are issued subject to the provisions described herein, but this Prospectus does not affect the terms of any Notes issued prior to the date hereof.

None of the Dealers, Paying Agents or the Trustee have independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers, Paying Agents or the Trustee as to the accuracy or completeness of the information contained or incorporated in this Prospectus or any other information provided by the Issuers or the Guarantor in connection with the Programme. None of the Dealers, Paying Agents or the Trustee accepts any liability in relation to the information contained or incorporated by reference in this Prospectus or any other information provided by the Issuers or the Guarantor in connection with the Programme.

No person is or has been authorised by the Issuers, the Guarantor, the Trustee or any of the Dealers to give any information or to make any representation not contained in or not consistent with this Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuers, the Guarantor, the Trustee or any of the Dealers.

Neither this Prospectus nor any other information supplied in connection with the Programme or any Notes (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation by the Issuers, the Guarantor, the Trustee, Paying Agents or any of the Dealers that any recipient of this Prospectus or any other information supplied in connection with the Programme or any Notes should subscribe for or purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the relevant Issuer and, if applicable, the Guarantor. Neither this Prospectus nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of the Issuers, the Guarantor, the Trustee, Paying Agents or any of the Dealers to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning the Issuers and the Guarantor is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers, the Paying Agents and the Trustee expressly do not undertake to review the financial condition

or affairs of the Issuers or the Guarantor during the life of the Programme or to advise any investor in the Notes of any information coming to their attention.

Each Tranche of Notes will be in bearer form and will be initially issued in the form of a temporary global note (a "Temporary Global Note") or, if so specified in the applicable Final Terms, a permanent global note (a "Permanent Global Note" and, together with a Temporary Global Note, the "Global Notes") which, in either case, will (i) if the Global Notes are intended to be issued in new global note ("NGN") form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the "Common Safekeeper") for Euroclear Bank SA/NV ("Euroclear") and Clearstream Banking S.A. ("Clearstream, Luxembourg"); and (ii) if the Global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the "Common Depositary") for Euroclear and Clearstream, Luxembourg.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended, (the "Securities Act") and are subject to US tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to, or for the account of, US persons (see "Subscription and Sale").

MIFID II product governance / target market – The Final Terms in respect of any Notes may include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "MiFID Product Governance Rules"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

IMPORTANT – PRIIPS REGULATION / EEA RETAIL INVESTORS – If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded, the "Insurance Mediation Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuers, the Guarantor, the Trustee, the Paying Agents and the Dealers do not represent that this Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, unless expressly provided in the applicable Final Terms, no action has been taken by the Issuers, the Guarantor, the Trustee, the Paying Agents or the Dealers which is intended to permit a public offering of any Notes or distribution of this Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Prospectus and the offer or sale of Notes in the United States, the European Economic Area (including the United Kingdom and, if specified in the applicable Final Terms, a prohibition of sales to EEA retail investors), Singapore and Japan – see "Subscription and Sale".

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other

professional advisers, whether it (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement; (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio; (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency; (iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of any relevant indices and financial markets; and (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

All references in this Prospectus to "US dollars" are to United States dollars, all references to "Sterling" and "£" are to pounds sterling and all references to "euro" and "€" are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union ("EU"), as amended.

Benchmarks Regulation

Amounts payable on Floating Rate Notes will be calculated by reference to one of the London inter-bank offered rate ("LIBOR") or Euro-zone inter-bank offered rate ("EURIBOR"), as specified in the relevant Final Terms. As at the date of this Prospectus, ICE Benchmark Administration Limited (as administrator of LIBOR) is included in ESMA's register of administrators under Article 36 of the Regulation (EU) No. 2016/1011 (the "Benchmarks Regulation") and the administrator of EURIBOR is not included in ESMA's register of administrators under Article 36 of the Benchmarks Regulation.

As far as the Issuer is aware, the transitional provisions in Article 51 of the Benchmarks Regulation apply, such that the European Money Markets Institute (as administrator of EURIBOR) is not currently required to obtain authorisation or registration.

Singapore: Section 309B(1)(C) Notification

In connection with Section 309B of the Securities and Futures Act (Chapter 289) of Singapore (the "SFA") and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the "CMP Regulations 2018"), the Issuers have, unless otherwise specified before an offer of Notes, determined the classification of all Notes to be issued under the Programme as prescribed capital markets products (as defined in the CMP Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

STABILISATION

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) acting as Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

Series of Notes issued under the Programme may be rated or unrated. Where a Series of Notes is rated, such rating will be specified in the applicable Final Terms, and will not necessarily be the same as the ratings assigned to the relevant Issuer or, if applicable, the Guarantor.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Governing Law: The Notes and the Trust Deed, and any non-contractual obligations arising out of or in connection with the Notes or the Trust Deed will be governed by, and shall be construed in accordance with, English law.

Selling Restrictions: Each issue of Notes denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time (see "Subscription and Sale") including the following restrictions applicable at the date of this Prospectus.

There are restrictions on the offer, sale and transfer of the Notes in the United States, the European Economic Area (including the United Kingdom and, if specified in the applicable Final Terms, a prohibition of sales to EEA retail investors), Japan and such other restrictions as may be required in connection with the offering and sale of a particular Tranche of Notes.

Notes having a maturity of less than one year will, if the proceeds of the issue are accepted by way of business in the United Kingdom, constitute deposits for the purposes of the prohibition on accepting deposits contained in Section 19 of the FSMA unless they are issued to a limited class of professional investors and have a redemption value of at least £100,000 or its equivalent, see "Subscription and Sale".

RISK FACTORS

The Issuers and the Guarantor believe that the following factors may affect their ability to fulfil their respective obligations under the Notes issued under the Programme and the Guarantee (as applicable). Most of these factors are contingencies which may or may not occur and the Issuers and the Guarantor are not in a position to express a view on the likelihood of any such contingency occurring. In addition, risk factors which are specific to the Notes are also described below.

The Issuers and the Guarantor believe that the factors described below represent the principal risks inherent in investing in the Notes issued under the Programme, but the inability of the Issuers and the Guarantor to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuers and the Guarantor do not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

Unless otherwise defined in this section, capitalised terms shall have the meanings given in the sections entitled "Description of Severn Trent Plc", "Description of Severn Trent Utilities Finance Plc", "Description of Severn Trent Water Limited", "Form of Applicable Final Terms", "Terms and Conditions of the Notes" and "Clearing and Settlement".

Prospective investors should consider, among other things, the following

Factors that may affect the Issuers' and the Guarantor's ability to fulfil their obligations under Notes issued under the Programme and under the Guarantee

Unless otherwise specified by reference to the Guarantor or a particular Issuer or Hafren Dyfrdwy Cyfyngedig ("Hafren Dyfrdwy", formerly named Dee Valley Water Limited ("Dee Valley Water")), the risks apply in the Group context, and are also applicable on an individual basis to the Guarantor, each of the Issuers and Hafren Dyfrdwy.

Through its business operations the Group (as defined in "Terms and Conditions of the Notes") is exposed to a number of commercial risks and uncertainties, which could have a material adverse effect on the Group's businesses, financial condition, operations and reputation, as well as the value and liquidity of the Group's securities. Not all of these factors are within the Group's control and, in addition, other factors besides those listed below may have an adverse effect on the Group. Any of these factors could have an adverse impact on the Issuers' and the Guarantor's ability to fulfil their respective obligations under the Notes.

The Legal, Regulatory and Political Environment

The Group's businesses are subject to various laws and regulations in the United Kingdom and internationally. The legal and regulatory landscape is complex and subject to on-going change. It is expected that the water industry landscape will continue to evolve in coming years. Competition for non-household retail water sales in England was introduced in April 2017 and in the longer term, the household retail market could also be opened to competition in England. These changes may lead to increased competition for customers in the Group's licence area.

The regulatory regime also makes consolidation between water company businesses less difficult than before. This could encourage companies to take innovative approaches to consolidation, for example by merging their wholesale operations to deliver efficiencies, while demerging their retail businesses.

There is a risk that the Group may be unable to effectively anticipate and/or influence future developments in the UK water industry resulting in its business plans becoming unsustainable. Whilst the Group is broadly content with the direction of changes proposed for the Group's industry, there remains a risk that future changes could have a significant impact on STWL.

There is also a risk that processes may fail or that the Group's processes may not effectively keep pace with changes in legislation leading to the risk of non-compliance with the legal and regulatory framework and enforcement by the Group's regulators (e.g. the Drinking Water Inspectorate ("DWI"), the Environmental Agency ("EA") and the Water Services Regulation Authority ("Ofwat").

The Group's policies and processes must reflect the current legal and regulatory environment and all relevant employees must be kept aware of new requirements. Due to the spread of the Group's operations, and changes in activity and organisational structure this is not always straightforward. The Group as a whole may face censure for non-compliance in an individual Group company or a specific region in which it operates.

A description of STWL's terms of appointment is set out in more detail in "*Description of Severn Trent Water Limited – Licence Appointment Conditions*". STWL is price-regulated with the prices it is able to charge its customers agreed with Ofwat by reference to its forward business plans. STWL would need consent from Ofwat to increase its prices in the event of any unexpected cost increases under the terms of its licences.

Non-compliance with STWL's licence requirements can result in censure or monetary fines of up to 10 per cent. of turnover and more serious breaches could result in modifications to the licence or to the termination of the licence and potentially the appointment of a special administrator. These developments in compliance and regulatory requirements could have an adverse impact on the Issuers' and the Guarantor's ability to fulfil their respective obligations under the Notes.

Any significant change in UK government policies or political structure could have an impact on the Group's business. In June 2016 the UK public voted to leave the European Union (the "EU"). In March 2017 the UK invoked Article 50 of the Treaty on the Functioning of the European Union, formally commencing the withdrawal from the EU. Historically, the Group has accessed funding from EU-based investors and institutions, including, by way of example, the European Investment Bank. In light of the UK's proposed withdrawal from the EU, the Group may find it more difficult to access funding from such investors and institutions in the future. In the event of a 'No Deal' withdrawal from the EU there could be delays in obtaining the necessary goods and raw materials necessary to run the business.

In May 2017, the Labour Party issued its 2017 General Election Manifesto, in which it pledged to nationalise key utilities including the water industry. It proposed that the existing water companies would be replaced by a network of publically-owned regional water companies. Although the Labour Party did not win the 2017 General Election, it continues to maintain a policy to bring key utilities back into public ownership if elected in the future.

Future UK political developments, including but not limited to the UK's withdrawal from the EU and/or any changes in government structure and policies, could affect the fiscal, monetary and regulatory landscape to which the Group is subject and also therefore the Issuers' and the Guarantor's ability to fulfil their obligations under the Notes.

Operational Performance

STWL may fail to meet its regulatory targets, including targets from Ofwat in relation to operational performance of its assets resulting in regulatory penalties.

In the sixth asset management period ("AMP6") company performance is measured against metrics called Output Delivery Incentives ("ODIs"). ODIs allow companies to earn more for outperformance or suffer penalties for underperformance. ODIs apply to all of STWL's water treatment, distribution, sewerage and sewage treatment assets. Measures are in place in relation to water quality, continuous supplies, sewer flooding, sewer collapses and pollution events.

If STWL is unable to meet operational performance targets, it may be subjected to significant regulatory penalties either within the current price review period, or applied to the next price review.

The failure to meet regulatory targets could have an adverse impact on the Issuers' and the Guarantor's ability to fulfil their respective obligations under the Notes.

Customer Service

The Group may be unable to improve and maintain levels of customer service sufficiently to meet customer expectations. Failure to deliver the service customers expect will lead to customer dissatisfaction. Customers are increasingly expecting more as other industries improve their levels of service; the bar is constantly being raised.

If the Group is unable to provide the level of service to meet customers' expectations it may also suffer financial penalties under Ofwat's Service Incentive Mechanism ("SIM") and Customer measure of experience ("C-MeX") and reduced levels of associated ODIs.

The failure to improve and maintain customer services standards and to meet customer expectations and SIM/C-MeX targets could have an adverse impact on the Issuers' and the Guarantor's ability to fulfil their respective obligations under the Notes.

Failure of the Group's assets, processes or systems

Failure of certain key assets or processes may result in an inability to provide a continuous supply of clean water and to safely take waste water away within STWL's licence areas.

Due to the nature of STWL's operations there is a risk that the Group could endanger the health and safety of staff, contractors and members of the public, as well as negatively impact the local and wider environment.

Some of STWL's assets are critical to the provision of water to large populations for which there are limited alternative means of supply. Examples include failure of one of STWL's reservoirs or water treatment works.

If a failure were to occur the consequence could result in temporary inability to continue to serve STWL's customers.

In addition, the Group's IT and telephony systems are critical to the Group's operations and failure of these systems, for example the Group's remote monitoring system, could have a significant effect.

The Group may experience loss of data or interruptions to a key business system as a result of cyber threats. The risks arising from loss of one or more of the major systems or corruption of data held in those systems could have far reaching effects on the business.

The Issuers' and the Guarantor's ability to fulfil their respective obligations under the Notes may be adversely affected as a result of such failure of the Group's assets, processes or systems.

Climate Change

Extreme weather (hotter and drier summers, wetter winters and more storms) associated with climate change could have a major impact upon how STWL operates. There is a risk that STWL may be unable to deal with the impact of extreme and unpredictable weather events on its assets and infrastructure and/or may be unable to successfully plan for future water resource supply and demand due to climate change. This may result in an inability to meet customer demand due to lower river levels, decreased raw water quality, flooding of STWL's water or waste works, sewer capacity being exceeded and increased land movement. This could adversely affect the Group's income, result in regulatory penalties or require additional capital expenditure, which may adversely affect the Issuers' and the Guarantor's ability to fulfil their respective obligations under the Notes.

Pensions

The Group has three defined benefit pensions arrangements, two from Severn Trent (the Severn Trent Pension Scheme (the "STPS") and the Severn Trent Mirror Image Pension Scheme (together, the "Schemes")) and one from Dee Valley Water. The two Severn Trent Schemes closed to future accrual on 31 March 2015.

The most recent formal actuarial valuations for the two Schemes were completed as at 31 March 2016. The agreement reached with the trustee for the STPS, which is by far the largest of the Schemes, included:

- Inflation linked payments of £15 million per annum through an asset-backed funding arrangement, potentially continuing to 31 March 2031, although these contributions will cease earlier should a subsequent valuation of the STPS show that these contributions are no longer needed.
- Payments under another asset-backed funding arrangement which provides £8.2 million per annum to 31 March 2032.

- A deficit reduction payment of £10 million for each of the three financial years ending 31 March 2019.

In addition to these payments, the company will directly pay the annual Pension Protection Fund levy incurred by the STPS (£1.4 million for the year ending 31 March 2019).

The Schemes have also entered into additional hedging arrangements to reduce the impact of fluctuations in interest rates and inflation on the Schemes' liabilities without adversely impacting the expected return from the Schemes' assets.

Hafren Dyfrdwy participates in the Dee Valley Water section of the Water Companies Pension Scheme (the "Section"). The Section funds are administered by independent trustees and are held separately from the assets of the Group. The Section is closed to new entrants. The most recent formal actuarial valuation of the Section was completed as at 31 March 2017 and as a result deficit reduction contributions to the section were not required

On an IAS 19 basis, the net position (before deferred tax) of all of the Group's defined benefit pension schemes was a deficit of £452.9 million as at 31 March 2019. This compares to a deficit of £519.8 million as at 31 March 2018. To calculate the pension deficit for accounting purposes, the Group is required to use corporate bond yields as the basis for the discount rate of its long-term liabilities, irrespective of the nature of its pension schemes' assets or their expected returns. On an IAS 19 basis the funding level has improved to 84 per cent. as compared to 82 per cent. as at 31 March 2018. A new actuarial valuation of the Schemes is currently underway.

The Group also operates the Severn Trent Group Personal Pension, a defined contribution scheme, for its UK employees. Hafren Dyfrdwy operates two defined contribution pension schemes.

The impact of financial market factors (lower interest rates, higher inflation and underperforming equity markets) on the Group's pension schemes may adversely affect the Issuers' and the Guarantor's financial position and their ability to fulfil their respective obligations under the Notes.

Regulatory ring-fencing of STWL

A substantial part of the Group's operations are conducted through STWL and its subsidiaries and a significant part of the Group's consolidated indebtedness has been incurred through the issue of Notes by STUF, guaranteed by STWL. Severn Trent is and will be dependent on the operations of STWL to service its indebtedness, including interest and principal on any Notes issued by Severn Trent and its obligations under Notes issued by it are structurally subordinated to all existing and future liabilities and obligations of STWL and its subsidiaries. As part of the regulatory requirements affecting STWL, entities within the regulated water business may not assume direct responsibility for businesses outside the regulated group. Accordingly, Severn Trent's obligations will not be guaranteed by any of its subsidiaries. Claims of creditors of such companies will have priority as to the assets of such companies over Severn Trent and its creditors. In the event of an insolvency, bankruptcy, liquidation, reorganisation, dissolution or winding up of the business of any subsidiary of Severn Trent, creditors of such subsidiary generally will have the right to be paid in full before any distribution is made to Severn Trent. Notes issued under the Programme do not contain any restriction on the ability of STWL or its subsidiaries to incur additional indebtedness.

Funding

There is a risk the Group may be unable to raise further debt to meet its funding requirements. STWL has a large funding requirement in AMP6 to refinance maturing debt and support its approved investment programme and expects to have a similar requirement in the seventh asset management period ("AMP7"). There is a risk that STWL will not be able to raise sufficient funds, or funds at a suitable interest rate, or on suitable terms, at the requisite time. The Issuers' and Guarantor's ability to fulfil their respective obligations under the Notes may be adversely affected if they do not have access to external debt funding.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Risks related to the structure of a particular issue of Notes

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of certain such features:

Index-Linked Notes

Index-Linked Notes may be issued on terms that the amount of interest payable on each interest payment date and/or the amount to be repaid upon redemption of the Notes will be calculated by reference to movements in the United Kingdom Retail Prices Index ("RPI"), the United Kingdom Consumer Prices Index ("CPI") or the United Kingdom Consumer Prices Index including owner occupier's housing costs ("CPIH") (each, an "Index") during a reference period. Indices may go down as well as up.

Where Notes are issued, in respect of which the amount of interest payable is subject to adjustment by reference to an Index, a decrease in the Index over the reference period will reduce the interest amount for the relevant interest payment. In a deflationary environment, the annual interest received may be lower than the specified rate of interest.

Where the amount payable upon redemption of the Notes is subject to adjustment by reference to an Index, a decrease in the Index over the reference period may reduce the amount to be repaid upon redemption of the Notes to less than the principal amount of the Notes, unless the applicable Final Terms specifies a minimum redemption amount which is equal to or higher than the principal amount of the Notes.

Fundamental Changes to the Index

The formula used by the Office for National Statistics for calculating RPI, CPI or CPIH may change over time. Such a change in the methodology for calculating RPI, CPI or CPIH may affect the actual RPI, CPI or CPIH figure. Consequently, the amount of interest payable on each interest payment date and/or the amount to be repaid upon redemption of Index-Linked Notes may increase, or decrease, as a result of such a change to the RPI, CPI or CPIH figure.

Condition 5(g)(ii) provides that in the case of a fundamental change to the coverage or the basic calculation of the relevant Index in certain specified circumstances, adjustments to such Index may be made, or a substitute index (with or without adjustments) may be agreed.

At the time of issue of any Index-Linked Notes, the applicability or non-applicability of Condition 5(g)(ii) in the case of a fundamental change to the Index may have a positive or negative impact on the amount of interest payable on each interest payment date and/or the amount to be repaid upon redemption of Index-Linked Notes. Each investor should consider carefully, and seek independent financial advice on, the impact of such changes on their investment.

Notes subject to optional redemption by the relevant Issuer

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

An Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Fixed/Floating Rate Notes

Fixed/floating rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the relevant Issuer has the right to effect such a conversion, this will affect the secondary market in, and the market value of, the Notes since that Issuer may be expected to convert the rate when it is likely to result in a lower overall cost of borrowing for that Issuer. If the relevant Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the fixed/floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the relevant Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

National and international regulatory reform in relation to benchmarks could have an adverse effect on the value of and return on any Notes which are linked to a benchmark

LIBOR, EURIBOR and other interest rate or other types of rates and indices which are deemed to be "benchmarks" (each a "Benchmark" and together, the "Benchmarks") have become the subject of regulatory scrutiny and recent national and international regulatory guidance and proposals for reform. International proposals for reform of Benchmarks include the Benchmarks Regulation which was published in the Official Journal of the EU on June 29, 2016 and has mostly applied, subject to certain transitional provisions, since 1 January 2018.

Any changes to a Benchmark, whether as a result of the Benchmark Regulation or other initiatives, could increase the costs and risks of administering or otherwise participating in the setting of a Benchmark and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or participate in certain Benchmarks, triggering changes in the rules or methodologies used in certain Benchmarks or leading to the disappearance of certain Benchmarks. Changes to the methodology or other terms of certain Benchmarks could also have the effect of reducing or increasing the volatility of such Benchmarks. Any of the above changes or any other consequential changes as a result of the Benchmark Regulation or other national or international reform could have a material adverse effect on the value of and the amounts payable under Notes where such amounts are linked to a Benchmark.

In addition, on July 27, 2017, the UK Financial Conduct Authority announced that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 (the "FCA Announcement"). The FCA Announcement indicates that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021. The potential elimination of the LIBOR benchmark or any other Benchmark, or changes in the manner of administration of any Benchmark, as a result of the Benchmarks Regulation or otherwise, could require an adjustment to the terms and conditions, or result in other consequences, in respect of any Notes linked to such Benchmark.

Investors should be aware that, if LIBOR were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes which reference LIBOR will be determined for the relevant period by the fall-back provisions applicable to such Notes. Depending on the manner in which the LIBOR rate is to be determined under the Terms and Conditions of the Notes, this may in certain circumstances (i) be reliant on the provision by reference banks of offered quotations for the LIBOR rate which, depending on market circumstances, may not be available at the relevant time or (ii) result in the effective application of a fixed rate based on the rate or rates which applied or were offered in the previous Interest Period when LIBOR was available. Any such consequence could have a material adverse effect on the value of and return on any such Notes.

In respect of any Notes issued as Green Bonds, there can be no assurance that such use of proceeds will be suitable for the investment criteria of an investor.

The Final Terms relating to any specific Tranche of Notes may provide that it will be the Group's intention to apply the proceeds from an offer of those Notes specifically for projects and activities that promote climate-friendly and other environmental purposes ("Eligible Projects"). Prospective investors should determine for themselves the relevance of such information for the purpose of any investment in such Notes together with any other investigation such investor deems necessary. In

particular, no assurance is given by the Group that the use of such proceeds for any Eligible Projects will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Eligible Projects.

Furthermore, it should be noted that there is currently no clearly defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a “green” or “sustainable” or an equivalently labelled project or as to what precise attributes are required for a particular project to be defined as “green” or “sustainable” or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time. Accordingly, no assurance is or can be given to investors that any projects or uses the subject of, or related to, any Eligible Projects will meet any or all investor expectations regarding such “green”, “sustainable” or other equivalently-labelled performance objectives or that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any Eligible Projects.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Group) which may be made available in connection with the issue of any Notes and in particular with any Eligible Projects to fulfil any environmental, sustainability, social and/or other criteria. For the avoidance of doubt, any such opinion or certification is not, and shall not be deemed to be, incorporated in and/or form part of this Base Prospectus. Any such opinion or certification is not, and should not be deemed to be, a recommendation by the Group or any other person to buy, sell or hold any such Notes. Any such opinion or certification is only current as of the date that opinion was initially issued. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in such Notes. Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight.

In the event that any such Notes are listed or admitted to trading on any dedicated “green”, “environmental”, “sustainable” or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Group or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Eligible Projects. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Group or any other person that any such listing or admission to trading will be obtained in respect of any such Notes or, if obtained, that any such listing or admission to trading will be maintained during the life of the Notes.

While it is the intention of the Group to apply the proceeds of any Notes so specified for Eligible Projects in, or substantially in, the manner described in this Base Prospectus, there can be no assurance that the relevant project(s) or use(s) the subject of, or related to, any Eligible Projects will be capable of being implemented in or substantially in such manner and/or in accordance with any timing schedule and that accordingly such proceeds will be totally or partially disbursed for such Eligible Projects. Nor can there be any assurance that such Eligible Projects will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Group. Any such event or failure by the Group will not constitute an Event of Default under the Notes. No Dealer is responsible for (i) any assessment of any eligibility criteria relating to “green” Notes, (ii) any verification of whether Eligible Projects satisfy the relevant eligibility criteria or (iii) the monitoring of the use of proceeds.

Any such event or failure to apply the proceeds of any issue of Notes for any Eligible Projects as aforesaid and/or withdrawal of any such opinion or certification or any such opinion or certification

attesting that the Group is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on and/or any such Notes no longer being listed or admitted to trading on any stock exchange or securities market as aforesaid may have a material adverse effect on the value of such Notes and also potentially the value of any other Notes which are intended to finance Eligible Projects and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

Risks related to the market generally

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Risks relating to the Notes generally

The Notes are not protected by the Financial Services Compensation Scheme

Unlike a bank deposit, the Notes are not protected by the Financial Services Compensation Scheme (the "FSCS"). As a result, the FSCS will not pay compensation to an investor in the Notes upon the failure of the relevant Issuer. If the relevant Issuer and, if applicable, the Guarantor goes out of business or becomes insolvent, Noteholders may lose all or part of their investment in the Notes.

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market for the Notes does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Further, if an investor chooses to sell its Notes in the open market at any time prior to maturity of the Notes, the price the investor will receive from a purchaser may be less than its original investment, and may be less than the amount due to be repaid at maturity of the Notes if the investor were to hold onto the Notes until then. Factors that will influence the price received by investors who choose to sell their Notes in the open market may include, but are not limited to, market appetite, inflation, the period remaining to maturity of the Notes, prevailing interest rates and the financial position of the relevant Issuer and, if applicable, the Guarantor.

Notes where denominations involve integral multiples: definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more integral multiples of a smaller amount there above, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Modification, waivers and substitution

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions of the Notes also provide that the Trustee may, without the consent of Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Terms and Conditions or of any of the provisions of the Trust Deed or (ii) determine without the consent of the Noteholders that any Event of Default or Potential Event of Default (as those terms are defined in the Trust Deed) shall not be treated as such or (iii) the substitution of another company as principal debtor under any Notes or, where the Issuer is STUF, the substitution of another company as guarantor under any Notes, in the circumstances described in Condition 18 of the Terms and Conditions of the Notes subject in each case to being secured and/or indemnified to its satisfaction.

Change of law

The Terms and Conditions of the Notes are based on English law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Prospectus.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended) subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified rating agencies published by the European Securities and Markets Authority ("ESMA") on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings will be disclosed in the Final Terms.

FORM OF THE NOTES

Each Tranche of Notes will be in bearer form and will initially be issued in the form of a Temporary Global Note or, if so specified in the applicable Final Terms, a Permanent Global Note which, in either case, will:

- (i) if the Global Notes are intended to be issued in NGN form, as stated in the applicable Final Terms, be delivered on or prior to the issue date of the relevant Tranche to a Common Safekeeper for Euroclear and Clearstream, Luxembourg; and
- (ii) if the Global Notes are not intended to be issued in NGN form, as stated in the applicable Final Terms, be delivered on or prior to the issue date of the relevant Tranche to a Common Depository for Euroclear and Clearstream, Luxembourg.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not US persons or persons who have purchased for resale to any US person, as required by US Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent. Terms used in this paragraph have the meanings given to them by the US Internal Revenue Code, (see "Subscription and Sale" for further information).

On and after the date (the "Exchange Date") which, in respect of each Tranche in respect of which a Temporary Global Note is issued, is 40 days after the Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge), upon a request as described therein, for either (i) interests in a Permanent Global Note of the same Series or (ii) definitive Notes of the same Series with, where applicable, Coupons and Talons attached (each as defined in "Terms and Conditions of the Notes") (as indicated in the applicable Final Terms and subject, in the case of definitive Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

Payments of principal, interest (if any) and any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, Coupons and Talons attached upon either (i) not less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) to the Agent as described therein or (ii) only upon the occurrence of an Exchange Event. Notes having Specified Denominations consisting of a minimum Specified Denomination plus one or more integral multiples of a smaller amount there above will only be exchangeable for definitive Notes upon an Exchange Event. For these purposes, "Exchange Event" means that (i) the relevant Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system satisfactory to the Trustee is available or (ii) the relevant Issuer or, as the case may be, (where the relevant Issuer is STUF) the Guarantor has or will become subject to adverse tax consequences which (A) are the result of any legislative change in the United Kingdom and (B) would not be suffered were the Notes in definitive form and a certificate to such effect is given by two Directors of the relevant Issuer or, as the case may be, (where the relevant Issuer is STUF) the Guarantor, to the Trustee. The relevant Issuer will promptly give notice to Noteholders in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the

instructions of any holder of an interest in such Permanent Global Note) or the Trustee may give notice to the Agent (as defined in "Terms and Conditions of the Notes") requesting exchange and, in the event of the occurrence of an Exchange Event as described in (ii) above, the relevant Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur not later than 60 days after the date of receipt of the first relevant notice by the Agent.

The following legend will appear on all Notes (other than Temporary Global Notes) and on all Coupons relating to such Notes where TEFRA D is specified in the applicable Final Terms:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes or Coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes or Coupons.

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Pursuant to the Agency Agreement (as defined under "Terms and Conditions of the Notes"), the Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the relevant Issuer, the Agent and the Trustee.

In respect of Notes represented by a Global Note issued in NGN form, the nominal amount of such Notes shall be the aggregate amount from time to time entered in the records of both Euroclear and Clearstream, Luxembourg. The records of Euroclear and Clearstream, Luxembourg shall be conclusive evidence of the nominal amount of such Notes and a statement issued by Euroclear and/or Clearstream, Luxembourg shall be conclusive evidence of the records of such parties at that time.

Each of the Issuers has entered into an agreement with Euroclear and Clearstream, Luxembourg (the "ICSDs") in respect of any Notes issued in NGN form that the Issuer may request be made eligible for settlement with the ICSDs (the "ICSD Agreements"). The ICSD Agreements set out that the ICSDs will, in respect of any such Notes, inter alia, maintain records of their respective portion of the issue outstanding amount and will, upon an Issuer's request, produce a statement for such Issuer's use showing the total nominal amount of its customer holding of such Notes as of a specified date.

The applicable Final Terms of each Tranche of Notes will indicate whether the Notes are to be issued in NGN form. Where the Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether such Notes are intended to be held in a manner which would allow Eurosystem eligibility. The fact that Notes are intended to be held in a manner which would allow Eurosystem eligibility simply means that the Notes are intended upon issue to be deposited with one of the ICSDs as common safekeeper and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the European Central Bank being satisfied that Eurosystem eligibility criteria have been met.

If, in respect of any Tranche of Notes, the applicable Final Terms specifies that the Global Note may be exchanged for definitive Notes in circumstances other than upon the occurrence of an

Exchange Event, such Notes will be issued with only one Specified Denomination or all Specified Denominations of such Notes will be an integral multiple of the lowest Specified Denomination, as specified in the applicable Final Terms.

FORM OF FINAL TERMS

[MIFID II product governance / Professional investors and ECPs only target market – Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "MiFID II"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[s/s'] target market assessment) and determining appropriate distribution channels.]

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of [Directive 2014/65/EU (as amended "MiFID II")][MiFID II]; or (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded, the "Insurance Mediation Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]

The Noteholders and the Couponholders are deemed to have notice of, are entitled to the benefit of, and are bound by, all the provisions of the Trust Deed, the Agency Agreement and the applicable Final Terms which are applicable to them. The statements in these Terms and Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed and the Agency Agreement.

Words and expressions defined in the Trust Deed or in the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Trust Deed and the Agency Agreement, the Trust Deed will prevail and, in the event of inconsistency between the Trust Deed or the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

1. Form Denomination and Title

The Notes are in bearer form and, in the case of definitive Notes, serially numbered, in the Specified Currency and the Specified Denomination(s). Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

This Note may be an Index-Linked Redemption Note, depending on the Redemption/Payment Basis shown in the applicable Final Terms.

Definitive Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in these Terms and Conditions are not applicable.

Subject as set out below, title to the Notes and Coupons will pass by delivery. The Issuer, the Guarantor, the Trustee and the Paying Agents will (except as otherwise required by law) deem and treat the bearer of any Note or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear Bank SA/NV ("Euroclear") and/or Clearstream Banking S.A. ("Clearstream, Luxembourg"), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Guarantor, the Trustee and the Paying Agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Global Note shall be treated by the Issuer, the Guarantor, the Trustee and the Paying Agents as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions "Noteholder" and "holder of Notes" and related expressions shall be construed accordingly. In determining whether a particular person is entitled

to a particular nominal amount of Notes as aforesaid, the Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error be conclusive and binding on all concerned. Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be.

References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Agent and the Trustee.

4. Interest

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (but excluding) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in the Terms and Conditions, "Fixed Interest Period" means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note; or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is greater than the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the amount (determined in the manner provided above) calculated in respect of the Calculation Amount multiplied by a fraction, the numerator of which is the Specified Denomination of such Fixed Rate Note in question and the denominator of which is the Calculation Amount, without any further rounding.

"Day Count Fraction" means, in respect of the calculation of an amount of interest in accordance with this Condition 4(a):

- (i) if "Actual/Actual (ICMA)" is specified in the applicable Final Terms:
 - (a) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to but excluding) the relevant payment date (the "Accrual Period") is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (b) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - 1. the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - 2. the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of

days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and

- (ii) if "30/360" is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

In these Terms and Conditions:

"Determination Period" means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

"sub-unit" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) *Interest on Floating Rate Notes*

(i) Interest Payment Dates

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an "Interest Payment Date") which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply mutatis mutandis or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Terms and Conditions, "Business Day" means a day which is:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre (other than TARGET2 System) specified in the applicable Final Terms;
- (B) if TARGET2 System is specified as an Additional Business Centre in the applicable Final Terms, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the "TARGET2 System") is open; and
- (C) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than London and any Additional Business Centre and which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(A) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), "ISDA Rate" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the "ISDA Definitions") and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is a period specified in the applicable Final Terms; and

- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate ("LIBOR") or on the Euro-zone inter-bank offered rate ("EURIBOR"), the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), "Floating Rate", "Calculation Agent", "Floating Rate Option", "Designated Maturity" and "Reset Date" have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

(B) *Screen Rate Determination for Floating Rate Notes*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation if there is only one quotation on the Relevant Screen Page; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either LIBOR or EURIBOR, as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

(iii) *Minimum Rate of Interest and Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) *Determination of Rate of Interest and calculation of Interest Amounts*

The Agent will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent will calculate the amount of interest (the "Interest Amount") payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Floating Rate Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form is greater than the Calculation Amount, the Interest Amount payable in respect of such Note shall be the amount (determined in the manner provided above) calculated in respect of the Calculation Amount multiplied by a fraction, the numerator of which is the Specified Denomination of the Note in question and the denominator of which is the Calculation Amount, without any further rounding.

"Day Count Fraction" means, in respect of the calculation of an amount of interest for any Interest Period:

1. if "Actual/Actual (ISDA)" or "Actual/Actual" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
2. if "Actual/Actual (ICMA)" is specified in the applicable Final Terms, the provisions of Condition 4(a)(i) shall apply;
3. if "Actual/365 (Fixed)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
4. if "Actual/365 (Sterling)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
5. if "Actual/360" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
6. if "30/360", "360/360" or "Bond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

7. if "30E/360" or "Eurobond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30; and

8. if "30E/360 (ISDA)" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

(v) Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period, provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

"Designated Maturity" means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(vi) Notification of Rate of Interest and Interest Amounts

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and the London Stock Exchange and notice thereof to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to the London Stock Exchange and to the Noteholders in accordance with Condition 14. For the purposes of this paragraph, the expression "London Business Day" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(vii) Determination or Calculation by Trustee

If for any reason at any relevant time the Agent or, as the case may be, the Calculation Agent defaults in its obligation to determine the Rate of Interest or the Agent defaults in its obligation to calculate any Interest Amount in accordance with sub-paragraph (ii)(A) or (B) above or as otherwise specified in the applicable Final Terms, as the case may be, and in each case in accordance with paragraph (iv) and (v) above, the Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition 4, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances. In making any such determination or calculation, the Trustee may appoint and rely on a determination or calculation by a calculation agent (which shall be an investment bank or other suitable entity of international repute). Each such determination or calculation shall be deemed to have been made by the Agent or the Calculation Agent, as applicable.

(viii) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(b), whether by the Agent or, if applicable, the Trustee or the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor, the Agent, the Trustee,

the Calculation Agent (if applicable), the other Paying Agents and all Noteholders and Couponholders and (in the absence of wilful default, bad faith or manifest error) no liability to the Issuer, the Guarantor, the Noteholders or the Couponholders shall attach to the Agent or, if applicable, the Trustee or the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Interest on Index-Linked Interest Notes*

This Condition 4(c) applies to Index-Linked Interest Notes only. The applicable Final Terms will contain provisions applicable to the determination of Index-linked interest and must be read in conjunction with this Condition 4(c) and Condition 5 for full information on the manner in which interest is calculated on the Index-Linked Interest Notes.

(i) Interest Payment Dates

Each Index-Linked Interest Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an "Interest Payment Date") which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 4(c)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply mutatis mutandis or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or

- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.
- (ii) Rate of Interest
- The Rate of Interest payable from time to time in respect of Index-Linked Interest Notes will be specified, or determined in the manner specified, in the applicable Final Terms.
- The provisions of Condition 4(b)(iii) shall apply to this Condition 4(c) *mutatis mutandis*.
- (iii) Determination of applicable Index Ratio or Limited Index Ratio and calculation of Interest Amounts
- The Calculation Agent will, at or as soon as practicable after each time at which the Index Ratio or Limited Index Ratio (as applicable) applicable to any payment of interest in respect of the Notes becomes capable of being determined, determine the Index Ratio or Limited Index Ratio (as applicable) applicable to the relevant payment of interest.
- The Calculation Agent will calculate the amount of interest (the "Interest Amount") payable on the Index-Linked Interest Notes for the relevant Interest Period by applying the Rate of Interest to:
- (A) in the case of Index-Linked Interest Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Index-Linked Interest Notes in definitive form, the Calculation Amount,
- and, in each case, multiplying such sum by the applicable Day Count Fraction (which shall have the meaning specified in Condition 4(a) or Condition 4(b)) and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Such Interest Amount will then be adjusted in accordance with Condition 5(b). Where the Specified Denomination of an Index-Linked Interest Note in definitive form is greater than the Calculation Amount, the Interest Amount payable in respect of such Note shall be the amount (determined and adjusted in the manner provided above) calculated in respect of the Calculation Amount multiplied by a fraction, the numerator of which is the Specified Denomination of the Note in question and the denominator of which is the Calculation Amount, without any further rounding.
- (iv) Notification of Interest Amounts
- The Calculation Agent will cause the Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Agent as soon as practicable after determining the same. The Agent will cause such amounts to be notified to the Issuer and the London Stock Exchange and notice thereof to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth London Business Day (as defined in Condition 4(b)(vi)) thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified by the Agent to the London Stock Exchange and to the Noteholders in accordance with Condition 14.
- (v) Determination or Calculation by Trustee
- If for any reason at any relevant time the Calculation Agent defaults in its obligation to determine the Index Ratio or Limited Index Ratio applicable to any

payment of interest in respect of the Notes or defaults in its obligation to calculate any Interest Amount for any Interest Period(s), in each case in accordance with sub-paragraph (iii) above or as otherwise specified in the applicable Final Terms, as the case may be, the Trustee shall determine the Index Ratio or Limited Index Ratio applicable to the relevant payment at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition 4 and to the provisions of Condition 5), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall calculate the Interest Amount(s) for the relevant period(s) in such manner as it shall deem fair and reasonable in all the circumstances. In making any such determination or calculation, the Trustee may appoint and rely on a determination or calculation by a calculation agent (which shall be an investment bank or other suitable entity of international repute). Each such determination or calculation shall be deemed to have been made by the Calculation Agent (and, where practicable, in accordance with this Condition). The Trustee shall have no liability to any person in connection with any determination or calculation it is required to make pursuant to this Condition.

(vi) **Certificates to be final**

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(c), whether by the Calculation Agent, the Agent or the Trustee, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor, the Agent, the Trustee, the Calculation Agent, the other Paying Agents and all Noteholders and Couponholders and (in the absence of wilful default, bad faith or manifest error) no liability to the Issuer, the Guarantor, the Noteholders or the Couponholders shall attach to the Agent, the Trustee or the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(d) **Accrual of interest**

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, if applicable, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue as provided in the Trust Deed.

5. Indexation

This Condition 5 shall only apply to Notes in respect of which the applicable Final Terms specify Index-Linked Interest ("Index-Linked Interest Notes") and/or Index-Linked Redemption ("Index-Linked Redemption Notes" and, together with Index-Linked Interest Notes, "Index-Linked Notes"), unless otherwise specified in the applicable Final Terms.

Indexation Factor specified in the relevant Final Terms, it shall be deemed to be equal to such Minimum Indexation Factor;

"Limited Indexation Month" means any month specified in the relevant Final Terms for which a Limited Indexation Factor is to be calculated;

"RPI" means the U.K. Retail Prices Index (for all items) published by the Office for National Statistics (January 1987 = 100), or any comparable index which may replace such index for the purpose of calculating the amount payable on repayment of the Indexed Benchmark Gilt (if any).

(b) *Index-Linked Interest Provisions*

If Index-Linked Interest is specified in the applicable Final Terms, the amount of interest (the "Adjusted Interest Amount") payable in respect of the Notes on any day on which interest falls due shall be determined by the Calculation Agent by multiplying (i) the Interest Amount determined in accordance with Condition 4(c)(iii) by (ii) the Index Ratio or (in the case of Limited Index Linked Notes) the Limited Index Ratio applicable to the month in, or date on (as the case may be), which the relevant interest payment falls due, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency (half of any such sub-unit being rounded upwards or otherwise in accordance with market convention).

References in these Conditions and the applicable Final Terms to "Interest Amount" shall (except for the purposes of the determination referred to in part (i) of this paragraph (b)) be deemed to be references to the Adjusted Interest Amount.

(c) *Index-Linked Redemption Provisions*

If Index-Linked Redemption is specified in the applicable Final Terms, unless the applicable Final Terms provide otherwise the Final Redemption Amount, Early Redemption Amount and any applicable Optional Redemption Amount, Residual Call Early Redemption Amount and/or Event Put Amount per Calculation Amount of the Notes shall be the amount determined by the Calculation Agent by multiplying the applicable amount per Calculation Amount specified in the applicable Final Terms by the Index Ratio or (in the case of Limited Index Linked Notes) the Limited Index Ratio applicable to the month in, or date on (as the case may be), which the due date for redemption falls and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency (half of any such sub-unit being rounded upwards or otherwise in accordance with market convention), provided that:

- (i) if a Minimum Final Redemption Amount, Minimum Early Redemption Amount, Minimum Optional Redemption Amount, Minimum Residual Call Early Redemption Amount and/or Minimum Event Put Amount is specified in the applicable Final Terms and such amount is greater than the amount calculated by the Calculation Agent in accordance with this paragraph (c), the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount, Residual Call Early Redemption Amount and Event Put Amount (as applicable) per Calculation Amount shall be, respectively, the Minimum Final Redemption Amount, Minimum Early Redemption Amount, Minimum Optional Redemption Amount, Minimum Residual Call Early Redemption Amount and Minimum Event Put Amount (as applicable) so specified in the applicable Final Terms; and/or
- (ii) if a Maximum Final Redemption Amount, Maximum Early Redemption Amount, Maximum Optional Redemption Amount, Maximum Residual Call Early Redemption Amount and/or Maximum Event Put Amount is specified in the applicable Final Terms and such amount is less than the amount calculated by the Calculation Agent in accordance with this paragraph (c), the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount, Residual Call Early Redemption Amount and Event Put Amount (as applicable) per Calculation Amount shall be, respectively, the Maximum Final Redemption Amount, Maximum

Early Redemption Amount, Maximum Optional Redemption Amount, Maximum Residual Call Early Redemption Amount and Maximum Event Put Amount (as applicable) so specified in the applicable Final Terms.

For the avoidance of doubt, the Make-Whole Redemption Amount (if any) applicable in respect of the Notes will not be subject to indexation in accordance with this Condition 5(c).

(d) *Changes in Circumstances Affecting the Index: change in base*

If at any time and from time to time the Index is changed by the substitution of a new base therefor, then with effect from the month, or (as the case may be) the first date, from and including that in, or on, which such substitution takes effect (i) the definition of "Index" and "Index Figure" shall be deemed to refer to the new month or date (as applicable) in substitution for January 1987 (where RPI is specified as the Index in the relevant Final Terms) or 2015 (where CPI or CPIH is specified as the Index in the relevant Final Terms) (or, as the case may be, to such other month or date (as applicable) as may have been substituted therefor), and (ii) the new Base Index Figure shall be the product of the existing Base Index Figure and the Index Figure for the date on which such substitution takes effect, divided by the Index Figure for the date immediately preceding the date on which such substitution takes effect.

(e) *Changes in Circumstances Affecting the Index: delay in publication of the Index*

If the Index Figure relating to any month (a "Relevant Month") which is required to be taken account for the purposes of the determination of the Index Figure applicable to any month or date (as the case may be) is not published on or before the 14th business day before the date on which any payment that is subject to adjustment in accordance with Condition 5(b) or (c) above is due (the "date for payment"), the Index Figure relating to such Relevant Month shall be (i) such substitute index figure (if any) as in the determination of the Indexation Adviser has been published by the United Kingdom Debt Management Office (or other relevant governmental authority) or the Bank of England, as the case may be, for the purposes of indexation of payments on the Indexed Benchmark Gilt (if any) or, failing such publication, on any one or more issues of index-linked Treasury Stock that is indexed to the same Index as the Notes, as selected by the Indexation Adviser or (ii) if no such determination is made by such Indexation Adviser within seven days, the Index Figure last published (or, if later, the substitute index figure last determined pursuant to Condition 5(d) above) before the date for payment.

(f) *Application of Changes*

Where the provisions of Condition 5(e) above apply, the determination of the Indexation Adviser as to the Index Figure applicable to the month in which the date for payment falls or the date for payment, as the case may be, shall be conclusive and binding on the Issuer, the Trustee, the Noteholders and Couponholders. If, an Index Figure having been applied pursuant to Condition 5(e)(ii) above, the Index Figure relating to any Relevant Month or relevant calculation month, as the case may be, is subsequently published while a Note is still outstanding, then:

1. in relation to a payment of principal or interest in respect of such Note determined by reference to the Index Ratio other than upon final redemption of such Note, the principal or interest (as the case may be) next payable after the date of such subsequent publication shall be increased or reduced, as the case may be, by an amount equal to the shortfall or excess, as the case may be, of the amount of the relevant payment made (on the basis of the Index Figure applicable by virtue of Condition 5(e)(ii) above) above or below the amount of the relevant payment that would have been due if the Index Figure subsequently published had been published on or before the 14th business day before the date for payment; and
2. in relation to a payment of principal or interest upon final redemption, no subsequent adjustment to amounts paid will be made.

(g) *Cessation of, or Fundamental Changes to, the Index*

If (i) the Trustee has been notified by the Calculation Agent that the Index has ceased to be published or (ii) only if Condition 5(g)(ii) is specified in the Final Terms as applicable to the Notes, any change is made to the coverage or the basic calculation of the Index which constitutes a fundamental change which would, in the opinion of (A) the Issuer be materially prejudicial to the interests of the Issuer, or (B) the Trustee (acting solely on the advice of the Indexation Adviser), be materially prejudicial to the interests of the Noteholders, the Issuer will give written notice of such occurrence to the Trustee in the case of (A) or the Trustee will give written notice of such occurrence to the Issuer in the case of (B), and the Issuer and the Trustee (acting solely on the advice of the Indexation Adviser) together shall seek to agree for the purpose of the Notes one or more adjustments to the Index or a substitute index (with or without adjustments) with the intention that the same should leave both the Issuer and the Noteholders in substantially a no better and no worse position than they would have been had the Index not ceased to be published or, if applicable, the relevant fundamental change not been made.

If the Issuer and the Trustee (acting solely on the advice of the Indexation Adviser) fail to reach agreement as mentioned above within 20 Business Days following the giving of notice as mentioned in the immediately preceding paragraph, a bank or other person in London shall be appointed by the Issuer with the written approval of the Trustee (acting solely on the advice of the Indexation Adviser) (in each case, such bank or other person so appointed being referred to as the "Expert"), to determine for the purpose of the Notes one or more adjustments to the Index or a substitute index (with or without adjustments) with the intention that the same should leave both the Issuer and the Noteholders in substantially a no better and no worse position than they would have been had the Index not ceased to be published or the relevant fundamental change not been made.

The Index shall be adjusted or replaced by a substitute index as agreed by the Issuer and the Trustee (acting solely on the advice of the Indexation Adviser) or as determined by the Expert pursuant to the foregoing paragraphs, as the case may be, and references in these Conditions to the Index and to any Index Figure shall be deemed amended in such manner as the Trustee (acting solely on the advice of the Indexation Adviser) and the Issuer agree are appropriate to give effect to such adjustment or replacement. Such amendments shall be effective from the date of such notification and binding upon the Issuer, the Trustee and the Noteholders, and the Issuer shall give notice to the Noteholders in accordance with Condition 14 of such adjustment, replacement and/or amendments as promptly as practicable following such notification.

Any Indexation Adviser and/or Expert appointed pursuant to the provisions of this Condition 5 shall act as an expert and not as an arbitrator and all fees, costs and expenses of the Indexation Adviser and/or Expert and of the Issuer and the Trustee in connection with such appointment shall be borne by the Issuer, and neither the Indexation Adviser nor the Expert shall be liable to Noteholders or Couponholders for determinations made by it pursuant to the provisions of this Condition 5.

6. Payments

(a) *Method of payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of

Condition 8 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "Code") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto. Any amounts withheld or deducted in accordance with (ii) will be treated as paid for all purposes under the Notes, and no additional amounts will be paid on the Notes with respect to any such withholding or deduction, whether pursuant to Condition 8 or otherwise, by the relevant Issuer, the Guarantor (if applicable), any Paying Agent or any other person.

(b) *Presentation of definitive Notes and Coupons*

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Fixed Rate Notes in definitive form should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Index-Linked Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A "Long Maturity Note" is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate amount of interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

(c) *Payments in respect of Global Notes*

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant Global Note, where applicable, against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made distinguishing between any payment of principal and any payment of interest, will be made on such Global Note either: (i) by the Paying Agent to which it was

presented and, in the case of any Global Note which is not a New Global Note, such record shall be prima facie evidence that the payment in question has been made; or (ii) in the records of Euroclear and Clearstream, Luxembourg.

(d) *General provisions applicable to payments*

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer or, as the case may be, the Guarantor will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer or, as the case may be, the Guarantor to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal or interest in respect of Notes is payable in US dollars, such US dollar payments of principal or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in US dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in US dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer and the Guarantor, adverse tax consequences to the Issuer or the Guarantor.

(e) *Payment Day*

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "Payment Day" means any day which (subject to Condition 9) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) in the case of Notes in definitive form only, the relevant place of presentation;
 - (B) each Additional Financial Centre (other than TARGET2 System) specified in the applicable Final Terms;
 - (C) if TARGET2 System is specified as an Additional Financial Centre in the applicable Final Terms, a day on which the TARGET2 System is open; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

(f) *Interpretation of principal and interest*

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 8 or under any undertaking given in addition thereto, or in substitution therefor, pursuant to the Trust Deed;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) the Residual Call Early Redemption Amount(s) (if any) of the Notes;
- (vi) the Make-Whole Redemption Amount(s) (if any) of the Notes;
- (vii) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 7(g)); and
- (viii) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.
- (ix) Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8 or under any undertaking given in addition thereto, or in substitution therefor, pursuant to the Trust Deed.

7. Redemption and Purchase

(a) *Redemption at maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date.

(b) *Redemption for tax reasons*

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is neither a Floating Rate Note nor an Index-Linked Interest Note) or on any Interest Payment Date (if this Note is either a Floating Rate Note or an Index-Linked Interest Note), on giving not less than 30 nor more than 60 days' notice to the Trustee and the Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if:

- (i) on the occasion of the next payment due under the Notes, the Issuer would be obliged to pay additional amounts as provided or referred to in Condition 8 or (where the Issuer is STUF) the Guarantor would be unable for reasons outside its control to procure payment by the Issuer and in making payment itself would be obliged to pay such additional amounts, in each case as a result of any change in, or amendment to, the laws or regulations of the United Kingdom or any political subdivision of, or any authority in, or of, the United Kingdom, having power to tax, or any change in the application or judicial or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes; and
- (ii) such obligation cannot be avoided by the Issuer or, as the case may be, (where the Issuer is STUF) the Guarantor taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer or, as the case may be, (where the Issuer is STUF) the Guarantor would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Trustee a certificate signed by two Directors of the Issuer or, as the case may be, (where the Issuer is STUF) two Directors of the Guarantor stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent set out in (i) and (ii) above to the right of the Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer or, as the case may be, (where the Issuer is STUF) the Guarantor has or will become obliged to pay such additional amounts as a result of such change or amendment. The Trustee shall be entitled to accept such certificate and opinion as sufficient evidence of the satisfaction of the conditions precedent set out in (i) and (ii) above, in which event they shall be conclusive and binding on the Noteholders and the Couponholders.

Notes redeemed pursuant to this Condition 7(b) will be redeemed at their Early Redemption Amount referred to in paragraph (g) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) *Issuer Call Options*

For the purpose of any redemption pursuant to this Condition 7(c), the Issuer shall have given the "Required Notice" if it has given:

- (A) (subject to any alternative notice period specified in the applicable Final Terms) not less than 15 nor more than 60 days' notice to the Noteholders in accordance with Condition 14; and
- (B) not less than 15 days before the giving of the notice referred to in (A), notice to the Trustee and to the Agent,

and any such notice shall be irrevocable and shall specify the date fixed for redemption.

(i) *Redemption at the option of the Issuer (Issuer Call)*

If 'Issuer Call' is specified as being applicable in the applicable Final Terms, the Issuer may, having given the Required Notice: redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) both as specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount or not more than a Higher Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ("Redeemed Notes") will (i) in the case of Redeemed Notes represented by definitive Notes, be selected individually by lot, not more than 30 days prior to the date fixed for redemption, in a place chosen by the Issuer and approved by the Trustee and (ii) in the case of Redeemed Notes represented by a Global Note, be selected in accordance with the rules of Euroclear or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, in accordance with their customary procedures). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 15 days prior to the date fixed for redemption.

(ii) *Issuer Residual Call Option*

If 'Issuer Residual Call' is specified as being applicable in the applicable Final Terms and, at any time, the outstanding aggregate nominal amount of the Notes is 20 per cent. or less of the aggregate nominal amount of the Notes originally issued (and, for these purposes, any further Notes issued pursuant to Condition 16 and consolidated with this Series of Notes shall be deemed to have been originally issued), the Issuer may, having given the Required Notice, redeem all (but not some only) of the Notes then outstanding at any time (if this Note is neither a Floating Rate Note nor an Index-Linked Interest Note) or on any Interest Payment Date (if this Note is either a Floating Rate Note or an Index-Linked Interest Note), at the Residual Call Early Redemption Amount specified in the applicable

Final Terms together, if appropriate, with interest accrued to (but excluding) the date of redemption.

Prior to the publication of any notice of redemption pursuant to this Condition 7(c)(ii), the Issuer shall deliver to the Trustee a certificate signed by two Directors of the Issuer or, as the case may be, (where the Issuer is STUF) two Directors of the Guarantor stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the outstanding aggregate nominal amount of the Notes is 20 per cent. or less of the aggregate nominal amount of the Notes originally issued. The Trustee shall be entitled to accept such certificate as sufficient evidence of the satisfaction of the condition precedent set out above, in which event it shall be conclusive and binding on the Noteholders and the Couponholders.

(iii) *Make-Whole Redemption by the Issuer*

Other than in relation to Index-Linked Notes, if 'Make-Whole Redemption by the Issuer' is specified as being applicable in the applicable Final Terms, the Issuer may, having given the Required Notice (the date specified in the Required Notice as the date fixed for redemption being the "Make-Whole Redemption Date"), redeem all or some only of the Notes then outstanding at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note) at the Make-Whole Redemption Amount together, if appropriate, with interest accrued to (but excluding) the relevant Make-Whole Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Higher Redemption Amount, in each case as may be specified in the applicable Final Terms.

In the case of a partial redemption of Notes, the Redeemed Notes will (i) in the case of Redeemed Notes represented by definitive Notes, be selected individually by lot, not more than 30 days prior to the relevant Make-Whole Redemption Date, in a place chosen by the Issuer and approved by the Trustee, and (ii) in the case of Redeemed Notes represented by a Global Note, be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 15 days prior to the relevant Make-Whole Redemption Date.

"Make-Whole Redemption Amount" means: (A) the outstanding nominal amount of the relevant Note or (B) if higher, the sum, as determined by the Make-Whole Calculation Agent, of the present values of the remaining scheduled payments of principal and interest on the Notes to be redeemed (not including any portion of such payments of interest accrued to the date of redemption) discounted to the relevant Make-Whole Redemption Date on an annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Make-Whole Reference Rate plus the Make-Whole Redemption Margin (if any) specified in the applicable Final Terms, where:

"CA Selected Bond" means a government security or securities (which, if the Specified Currency is euro, will be a German *Bundesobligationen*) selected by the Make-Whole Calculation Agent as having a maturity comparable to the remaining term of the Notes to be redeemed and that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such Notes;

"Make-Whole Calculation Agent" means a leading investment, or commercial bank appointed by the Issuer and approved in writing by the Trustee for the purposes of calculating the relevant Make-Whole Redemption Amount, and notified to the Noteholders in accordance with Condition 14;

"Make-Whole Reference Rate" means, with respect to any Make-Whole Redemption Date, the rate per annum equal to the equivalent yield to maturity of the Reference Bond, calculated using a price for the Reference Bond (expressed

as a percentage of its nominal amount) equal to the Reference Bond Price for such Make-Whole Redemption Date. The Make-Whole Reference Rate will be calculated on the Reference Rate Determination Date specified in the applicable Final Terms;

"Reference Bond" means (i) if CA Selected Bond is specified in the applicable Final Terms, the relevant CA Selected Bond or (ii) if CA Selected Bond is not specified in the applicable Final Terms, the security specified in the applicable Final Terms, provided that if the Make-Whole Calculation Agent advises the Issuer that, at the time at which the relevant Make-Whole Redemption Amount is to be determined, for reasons of illiquidity or otherwise, the relevant security specified is not appropriate for such purpose, such other central bank or government security as the Make-Whole Calculation Agent may, after consultation with the Issuer and with the advice of Reference Market Makers, determine to be appropriate;

"Reference Bond Price" means (i) the average of five Reference Market Maker Quotations for the relevant Make-Whole Redemption Date, after excluding the highest and lowest of such five Reference Market Maker Quotations (or, if there are two equally highest and/or two equally lowest quotations, excluding just one of such highest quotations and/or one of such lowest quotations, as the case may be), (ii) if the Make-Whole Calculation Agent obtains fewer than five, but more than one, such Reference Market Maker Quotations, the average of all such quotations, or (iii) if only one such Reference Market Maker Quotation is obtained, the amount of the Reference Market Maker Quotation so obtained;

"Reference Market Maker Quotations" means, with respect to each Reference Market Maker and any Make-Whole Redemption Date, the average, as determined by the Make-Whole Calculation Agent, of the bid and asked prices for the Reference Bond (expressed in each case as a percentage of its nominal amount) quoted in writing to the Make-Whole Calculation Agent at the Quotation Time specified in the applicable Final Terms on the Reference Rate Determination Date specified in the applicable Final Terms; and

"Reference Market Makers" means five brokers or market makers of securities such as the Reference Bond selected by the Make-Whole Calculation Agent or such other five persons operating in the market for securities such as the Reference Bond as are selected by the Make-Whole Calculation Agent in consultation with the Issuer.

(iv) *Issuer Maturity Call Option*

Other than in relation to Index-Linked Notes, if 'Issuer Maturity Call' is specified as being applicable in the applicable Final Terms, the Issuer may, having given the Required Notice, redeem all (but not some only) of the Notes then outstanding on any Business Day during the period commencing on (and including) the day that is 90 days prior to the Maturity Date to (but excluding) the Maturity Date (if this Note is not a Floating Rate Note) or on the Interest Payment Date immediately preceding the Maturity Date (if this Note is a Floating Rate Note), at the Final Redemption Amount specified in the applicable Final Terms, together (if appropriate) with interest accrued to (but excluding) the date fixed for redemption.

(d) *Redemption at the option of the Noteholders (Investor Put)*

If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 14 not less than 30 nor more than 45 days' notice (which notice shall be irrevocable) the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not, in the case of a definitive Note, in part) such Note on the Optional Redemption Date and at the Optional Redemption Amount (both as specified in the applicable Final Terms) together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date. It may be that before an Investor Put can be exercised, certain

conditions and circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Final Terms.

If this Note is in definitive form, to exercise the right to require redemption of this Note under this Condition 7(d) the Noteholder must deliver such Note at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, accompanied by a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a "Put Notice") and in which the Noteholder must specify a bank account to which payment is to be made under this Condition.

If this Note is represented by a Global Note, to exercise the right to require redemption of this Note under this Condition 7(d) the Noteholder must give notice to any Paying Agent, at any time during normal business hours of such Paying Agent falling within the notice period, of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on such Noteholder's instruction by Euroclear or Clearstream, Luxembourg or any common depositary or common safekeeper, as the case may be, to the Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

(e) *Redemption at the Option of the Noteholders on a Put Event*

This Condition 7(e) applies to Notes with an original maturity of more than 20 years.

If, at any time while any of the Notes remains outstanding, a Put Event (as defined below) occurs, then the holder of each Note will, upon the giving of a Put Event Notice (as defined below), have the option to require the Issuer to redeem the Note on the Put Date at the Event Put Amount (as specified in the applicable Final Terms), together with interest accrued up to (but excluding) the Put Date. For the avoidance of doubt, the occurrence of an event which is a Put Event shall not constitute an Event of Default.

A "Put Event" occurs if:

- (i) the appointment of Severn Trent Water Limited as in effect on the date of this document (the "Appointment") as the water undertaker and sewerage undertaker for the areas described in the Instrument of Appointment dated August 1989 made by the Secretary of State under sections 11 and 14 of the Water Act 1989 (now section 6 of the Water Industry Act 1991) is terminated other than in respect of such part of its area as is the subject of an appointment or variation by virtue of section 7(4)(b) or (bb) of the Water Industry Act 1991; or
- (ii) a Restructuring Event occurs and, within the Restructuring Period, either (a) if at the time the relevant Restructuring Event occurs there are Rated Securities, a Rating Downgrading in respect of that Restructuring Event also occurs or (b) if at such time there are no Rated Securities, the Issuer or (where the Issuer is STUF) the Guarantor fails to obtain (whether by failing to seek a rating or otherwise) a rating of the Notes or any other unsecured and unsubordinated debt of the Issuer or (where the Issuer is STUF) of the Guarantor or (where the Issuer is Severn Trent) of any Subsidiary of the Issuer or (where the Issuer is STUF) of any other Subsidiary of the Guarantor which, in any case, is guaranteed on an unsecured and unsubordinated basis by (where the Issuer is Severn Trent) the Issuer or (where the Issuer is STUF) the Guarantor) having an initial maturity of five years or more, from a Rating Agency of at least investment grade (BBB-/Baa3, or their respective equivalents for the time being) (a "Negative Rating Event") and, in the case of either (a) or (b), such Restructuring Event is, not later than 14 days after the expiry of the Restructuring Period, certified in writing by an independent financial adviser appointed by the Trustee (after consultation with the Issuer as to the identity of such independent financial adviser) as being in its opinion materially prejudicial to the interests of the Noteholders (a "Negative Certification") (that Restructuring Event and the relevant Rating Downgrading or, as the case may be, Negative Rating Event and, in each case, the Negative Certification together constituting the Put Event). Any certification by an independent financial adviser as

aforesaid as to whether or not any Restructuring Event is materially prejudicial to the interests of the Noteholders shall, in the absence of manifest error, be conclusive and binding on all concerned. For the avoidance of doubt, the service by the Secretary of State of a notice under Condition O of the Appointment shall not of itself constitute a Put Event; or

- (iii) where the Issuer is Severn Trent only, Severn Trent Water Limited ceases to be a Subsidiary of Severn Trent.

Promptly upon becoming aware that a Put Event has occurred, and in any event not later than 21 days after the occurrence of the Put Event, the Issuer or, as the case may be, the Guarantor shall, and at any time upon the Trustee becoming similarly so aware the Trustee may, and if so requested by an Extraordinary Resolution of the Noteholders shall, give notice (a "Put Event Notice") to the Noteholders in accordance with Condition 14, specifying the nature of the Put Event and the procedure for exercising the option contained in this Condition 7(e).

If this Note is in definitive form, to exercise the option to require the Issuer to redeem such Note under this Condition 7(e), the Noteholder must deliver such Note at the specified office of any Paying Agent, on any day which is a day on which banks are open for business in London and in the place of the specified office of such Paying Agent falling within the period (the "Put Period") of 45 days after the date on which a Put Event Notice is given, accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (an "Event Put Notice"). The Note must be delivered to the Paying Agent together with all Coupons appertaining thereto (which expression, for the avoidance of doubt, shall include unmatured Coupons falling to be issued on exchange of matured Talons) maturing after the date (the "Put Date") being the seventh day after the date of expiry of the Put Period, failing which deduction in respect of such missing unmatured Coupons shall be made in accordance with Condition 6(b). The Paying Agent to which such Note and Event Put Notice are delivered will issue to the Noteholder concerned a non-transferable receipt (a "Put Receipt") in respect of the Note so delivered. Payment by the Issuer in respect of any Note so delivered shall be made, if the Noteholder duly specified in the Event Put Notice a bank account to which payment is to be made, by transfer to that bank account on the Put Date, and in every other case, on or after the Put Date against presentation and surrender of such Put Receipt at the specified office of any Paying Agent. An Event Put Notice, once given, shall be irrevocable. For the purposes of Conditions 1, 9, 10, 11, 15 and 18 Put Receipts issued pursuant to this Condition 7(e) shall be treated as if they were Notes.

If this Note is represented by a Global Note, to exercise the option to require the Issuer to redeem such Note under this Condition 7(e), the Noteholder must give notice to any Paying Agent, on any day which is a day on which banks are open for business in London and in the place of the specified office of such Paying Agent falling within the Put Period, of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on such Noteholder's instruction by Euroclear or Clearstream, Luxembourg or any common depositary or common safekeeper, as the case may be, to the Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time. Such Noteholder will be required to comply with the standard procedures of the relevant clearing system at such time, which may include blocking the relevant Notes in the relevant clearing system account. Payment by the Issuer in respect of any Note which is the subject of such exercise by the Noteholder will be made on the Put Date in accordance with the standard procedures of the relevant clearing system or otherwise in accordance with such information as such Noteholder may be required to specify in the notice exercising its option to require redemption of the Notes.

In these Terms and Conditions:

"K" has the meaning ascribed to it in the Appointment;

"Rated Securities" means the Notes, if at any time and for so long as they shall have a rating from a Rating Agency, and otherwise any other unsecured and unsubordinated debt

of, where the Issuer is STUF, the Guarantor or the Issuer or any other Subsidiary of the Guarantor which, in any case, is guaranteed on an unsecured and unsubordinated basis by the Guarantor or, where the Issuer is Severn Trent, the Issuer or any other Subsidiary of the Issuer which, in any case, is guaranteed on an unsecured and unsubordinated basis by the Issuer, in any case having an initial maturity of five years or more which is rated by a Rating Agency;

"Rating Agency" means Standard & Poor's Credit Market Services Europe Limited or Moody's Investors Service Limited or any of their respective subsidiaries and their successors or any rating agency substituted for either of them (or any permitted substitute of either of them) by the Issuer or the Guarantor from time to time with the prior written approval of the Trustee (not to be unreasonably withheld or delayed) or any other rating agency approved in writing by the Trustee from time to time;

"Rating Downgrading" shall be deemed to have occurred in respect of a Restructuring Event if the current rating assigned to the Rated Securities by any Rating Agency (whether provided by a Rating Agency at the invitation of the Issuer or (if applicable) the Guarantor or by its own volition) is withdrawn or reduced from an investment grade rating (BBB-/Baa3, or their respective equivalents for the time being, or better) to a non-investment grade rating (BB+/Ba1, or their respective equivalents for the time being, or worse), or, if the Rating Agency shall have already rated the Rated Securities below investment grade (as described above), the rating is withdrawn or lowered one full rating category;

"Restructuring Event" means either (a) the modification of any material rights, benefits or obligations of STWL as a water undertaker or sewerage undertaker arising under the Appointment, or (b) any material modification being made to the Appointment regardless, in the case of both paragraphs (a) and (b), of whether or not such modification is made with the consent of STWL and whether pursuant to the Water Industry Act 1991 or otherwise but excluding, in the case of both paragraphs (a) and (b), an adjustment in K (including for this purpose, for the avoidance of doubt, any adjustment to the basis or formula for pricing which arises as part of a periodic review under the terms of the Appointment) or a modification in respect of, or which removes, such part of STWL's area as is the subject of an appointment or variation by virtue of section 7(4)(b) or (bb) of the Water Industry Act 1991. For the avoidance of doubt, the service by the Secretary of State of a notice under Condition O of the Appointment shall not of itself constitute a Restructuring Event; and

"Restructuring Period" means, whether or not there are Rated Securities at the time a Restructuring Event occurs, the period of 45 days starting from and including the day on which that Restructuring Event occurs.

(f) *Redemption upon an Index Redemption Event*

In the case of Index-Linked Notes, if either (i) the Index Figure for three consecutive months is required to be determined on the basis of an Index Figure previously published as provided in Condition 5(e)(ii) and the Trustee has been notified by the Calculation Agent that publication of the Index has ceased or (ii) notice is published by Her Majesty's Treasury, or on its behalf, following a change in relation to the Index, offering a right of redemption to the holders of the Indexed Benchmark Gilt, and (in either case) no amendment or substitution of the Index shall have been advised by the Indexation Adviser to the Issuer and such circumstances are continuing (an "Index Redemption Event"), the Issuer may, upon giving not more than 60 nor less than 30 days' notice to the Noteholders in accordance with Condition 14, redeem all, but not some only, of the Notes at their Early Redemption Amount determined in accordance with Condition 7(g), together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(g) *Early Redemption Amounts*

For the purpose of paragraph (b) above, redemption upon the occurrence of an Index Redemption Event and Condition 10:

(i) each Note (other than a Zero Coupon Note or an Index-Linked Redemption Note) will be redeemed at its Early Redemption Amount specified in the applicable Final Terms;

(ii) each Zero Coupon Note will be redeemed at an amount (the "Amortised Face Amount") calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

"RP" means the Reference Price;

"AY" means the Accrual Yield expressed as a decimal; and

"y" is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator of which is 360; and

(iii) each Index-Linked Redemption Note will be redeemed at an amount calculated in accordance with Condition 5(c).

(h) *Purchases*

The Issuer, the Guarantor or any of their Subsidiaries may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. All Notes so purchased may be held, reissued, resold or, at the option of the Issuer or the Guarantor, surrendered to a Paying Agent for cancellation.

(i) *Cancellation*

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled (together with all unmatured Coupons and Talons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold.

(j) *Late payment on Zero Coupon Notes*

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (g)(ii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

(i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and

(ii) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Trustee or the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14.

(k) *Multiple notices of redemption*

In the event that more than one notice of redemption has been validly given pursuant to this Condition 7 (whether given by the Issuer pursuant to Condition 7(b), 7(c) or 7(f) or given by a Noteholder pursuant to Condition 7(d) or 7(e)) in respect of any Note at any given time, the first such notice to have been given shall prevail.

8. Taxation

All payments of principal and interest in respect of the Notes and Coupons by or on behalf of the Issuer or the Guarantor will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of the United Kingdom, or any political subdivision of, or any authority in, or of, the United Kingdom having power to tax unless such withholding or deduction is required by law. In such event, the Issuer or, as the case may be, (where the Issuer is STUF) the Guarantor will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (a) presented for payment in the United Kingdom; or
- (b) presented for payment by or on behalf of a holder who is liable for such taxes or duties in respect of such Note or Coupon by reason of his having some connection with the United Kingdom, other than the mere holding of such Note or Coupon; or
- (c) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming, whether or not such is in fact the case, that day to have been a Payment Day (as defined in Condition 6(e)); or
- (d) presented for payment by or on behalf of a holder in respect of whom such withholding or deduction would not have been required had such holder provided evidence that such holder is within the charge to United Kingdom corporation tax (if that is the case) or had such holder made a declaration of nonresidence or other similar claim for exemption to the relevant tax authority or taken any other relevant procedural steps required in any of those cases in sufficient time prior to the Relevant Date to enable an exemption from withholding or deduction to be available in respect of the relevant payment of principal or interest (as the case may be).

In these Terms and Conditions, the "Relevant Date" means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Trustee or the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 14.

9. Prescription

The Notes and Coupons will become void unless claims in respect of principal and interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 8) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 6(b) or any Talon which would be void upon issue pursuant to this Condition or Condition 6(b).

10. Events of Default

- (a) *Events of Default:*

The Trustee at its discretion may, and if so requested in writing by the holders of at least one-quarter in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution of the Noteholders shall (subject in each case to being indemnified and/or secured to its satisfaction), give notice to the Issuer and (where the Issuer is STUF) the Guarantor that the Notes are, and they shall accordingly thereupon become, immediately due and repayable at their Early Redemption Amount (as specified in the applicable Final Terms), together with accrued interest as provided in the Trust Deed, if any of the following events (each an "Event of Default") shall occur:

- (i) if default is made in the payment in the Specified Currency of any principal or interest due in respect of the Notes or any of them and the default continues for a period of 15 days; or
- (ii) if the Issuer or (where the Issuer is STUF) the Guarantor fails to perform or observe any of its other obligations under these Terms and Conditions or the Trust Deed and (except where the Trustee considers the failure to be incapable of remedy when the Notes will become due and repayable subject only to and upon the Trustee certifying as is hereinafter mentioned and giving notice as is herein and in the lead-in paragraph to this Condition mentioned) the failure continues for the period of 30 days (or such longer period as the Trustee may permit) next following the service by the Trustee on the Issuer or (where the Issuer is STUF) the Guarantor (as the case may be) of written notice requiring the same to be remedied; or
- (iii) if any indebtedness for Moneys Borrowed of the Issuer, (where the Issuer is STUF) the Guarantor or any Material Subsidiary is validly declared to be due and repayable prior to the date on which the same would otherwise become due and repayable by reason of the occurrence of an event of default (however described) in relation thereto or if the Issuer, (where the Issuer is STUF) the Guarantor or any Material Subsidiary defaults in the repayment of any indebtedness for Moneys Borrowed at the maturity thereof or at the expiry of any originally applicable grace period, or if any guarantee or indemnity or other like obligation in respect of any indebtedness for Moneys Borrowed given by the Issuer, (where the Issuer is STUF) the Guarantor or any Material Subsidiary shall not be paid when due and called upon or at the expiry of any originally applicable grace period save in any such case where there is a bona fide dispute as to whether payment or repayment is due, provided that no such event as aforesaid shall constitute an event of default unless the Moneys Borrowed or other liability relative thereto either alone or when aggregated with other Moneys Borrowed and/or other liabilities relative to all (if any) other such events which shall have occurred shall amount to at least £10,000,000 (or its equivalent in any other currency or currencies at the date the same become due and payable or such default occurs or such payment is not made, as the case may be); or
- (iv) if (a) an order is made or an effective resolution is passed for the appointment of an administrator or for the winding-up of the Issuer, (where the Issuer is STUF) the Guarantor or any Material Subsidiary (except, in the case of a Material Subsidiary, a winding-up for the purposes of a reconstruction or amalgamation, the terms of which have previously been approved in writing by the Trustee, or a voluntary solvent winding-up in connection with the transfer of all or the major part of the business, undertaking and assets of such Material Subsidiary to (where the Issuer is STUF) the Guarantor, the Issuer or another Subsidiary of the Guarantor or (where the Issuer is Severn Trent) the Issuer or a Subsidiary of the Issuer (not, in any case, being an Excluded Subsidiary)); or (b) an order is made in respect of Severn Trent Water Limited pursuant to section 24 of the Water Industry Act 1991; or
- (v) If the Issuer, (where the Issuer is STUF) the Guarantor or any Material Subsidiary stops or threatens to stop payment generally or ceases or threatens to cease to carry on its business or a substantial part of its business (except, in the case of a Material Subsidiary, a cessation or threatened cessation for the purpose of a reconstruction or amalgamation on the terms of which have previously been approved in writing by the Trustee, or in connection with the transfer of all or the major part of the business, undertaking and assets of such Material Subsidiary to (where the Issuer is STUF) the Guarantor, the Issuer or another Subsidiary of the Guarantor or (where the Issuer is Severn Trent) the Issuer or a Subsidiary of the Issuer (not, in any case, being an Excluded Subsidiary) or which is not material in the context of the Group as a whole); or

- (vi) if an encumbrancer takes possession or an administrative or other receiver or manager is appointed of the whole or any material part of the undertaking or assets of the Issuer, (where the Issuer is STUF) the Guarantor or any Material Subsidiary (where, in the case of a Material Subsidiary, such undertaking or assets or part thereof is or are material in the context of the Group as a whole) or if a distress, execution or any similar proceeding is levied or enforced upon or sued out against the whole or any material part of the property of the Issuer, (where the Issuer is STUF) the Guarantor or any Material Subsidiary (where, in the case of a Material Subsidiary, such property or part thereof is material in the context of the Group as a whole) and in any such case is not removed, paid out or discharged within 21 days (or such longer period as the Trustee may approve); or
- (vii) if the Issuer, (where the Issuer is STUF) the Guarantor or any Material Subsidiary is deemed for the purpose of any law to be unable to pay its debts, or the value of the assets of the Issuer, (where the Issuer is STUF) the Guarantor or any Material Subsidiary falls to less than the amount of its liabilities (taking into account for both these purposes its contingent and prospective liabilities) or the Issuer, (where the Issuer is STUF) the Guarantor or any Material Subsidiary otherwise becomes, or is determined by any competent court or other authority to be, insolvent, or suspends making payments (whether of principal or interest) in respect of any class of its debts or announces an intention to do so or a moratorium is declared in respect of any of the indebtedness of the Issuer (where the Issuer is STUF), the Guarantor or any Material Subsidiary; or
- (viii) if any kind of composition, scheme of arrangement, compromise or other similar arrangement involving the Issuer, (where the Issuer is STUF) the Guarantor or any Material Subsidiary and its creditors generally (or any class of such creditors) is entered into or made (except a composition, scheme of arrangement, compromise or other similar arrangement for the purpose of a reconstruction or amalgamation the terms of which have previously been approved in writing by the Trustee); or
- (ix) where the Issuer is STUF, the Guarantee ceases to be, or is claimed by the Guarantor not to be, in full force and effect,

and, in the case of the happening of any of the Events of Default referred to in paragraphs (ii) above and, in relation to a Material Subsidiary, (iii) to (viii) inclusive above, the same has been certified in writing by the Trustee to the Issuer and (where the Issuer is STUF) the Guarantor to be in its opinion materially prejudicial to the interests of the Noteholders.

The Trustee may at any time, at its discretion and without notice, take such proceedings against the Issuer or (where the Issuer is STUF) the Guarantor as it may think fit to enforce the provisions of the Trust Deed, the Notes and the Coupons, but it shall not be bound to take any such proceedings or any other action in relation to the Trust Deed, the Notes or the Coupons unless (a) it shall have been so directed by an Extraordinary Resolution of the Noteholders or so requested in writing by the holders of at least one-quarter in nominal amount of the Notes then outstanding, and (b) it shall have been indemnified and/or secured to its satisfaction.

No Noteholder or Couponholder shall be entitled to proceed directly against the Issuer or the Guarantor (if applicable) unless the Trustee, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing.

(b) *Definitions*

In these Terms and Conditions:

"Material Subsidiary" means (A) if the Issuer is Severn Trent, any Subsidiary of the Issuer or (B) if the Issuer is STUF, any Subsidiary of the Guarantor (but excluding STUF) but excluding in each case an Excluded Subsidiary:

Should any Note, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

12. Paying Agents

The initial Paying Agents are set out above.

The Issuer is entitled, with the prior written approval of the Trustee, to vary or terminate the appointment of any Paying Agent and appoint additional or other Paying Agents and approve any change in the specified office through which any Paying Agent acts, provided that:

- (a) there will at all times be an Agent;

- (b) so long as the Notes are listed on the London Stock Exchange, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the London Stock Exchange; and
- (c) the Issuer undertakes that, in the event that it or the Guarantor (where applicable) would (but for Condition 8(a)) be obliged to pay additional amounts on or in respect of any Note or Coupon pursuant to Condition 8 by virtue of such Note or Coupon being presented for payment in the United Kingdom, it will appoint and at all times thereafter maintain a Paying Agent in a jurisdiction within Europe, other than the jurisdiction in which the Issuer or the Guarantor is incorporated.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 6(d). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 14.

In acting under the Agency Agreement, the Paying Agents act solely as agents of the Issuer and if applicable, the Guarantor and, in certain circumstances described therein, the Trustee and do not assume any obligation to, or relationship of agency or trust with, any Noteholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor Paying Agent.

13. Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 9.

14. Notices

All notices regarding the Notes or Coupons will be deemed to be validly given if published in a leading English language daily newspaper of general circulation in London. It is expected that such publication will be made in the *Financial Times* in London. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If publication as aforesaid is not practicable, notice shall be given in such other manner and shall be deemed to have been given on such date as the Issuer, the Trustee and the Agent agree.

Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) the delivery of the relevant notice to Euroclear and Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes have been admitted to trading on the London Stock Exchange's regulated market or have been admitted to the Official List and the rules of the London Stock Exchange so require, such notice will be published in a daily newspaper of general circulation in London. It is expected that such publication will be made in the *Financial Times* in London. Any such notice shall be deemed to have been given to the holders of the Notes on the day after the day on which the said notice was given to Euroclear and Clearstream, Luxembourg.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Agent. Whilst any of the Notes is represented by a Global Note, such notice may be given by any holder of a Note to the Agent through Euroclear or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

15. Meetings of Noteholders, Modification and Waiver

The Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, these Terms and Conditions, the Coupons or any of the provisions of the Trust Deed. Such a meeting may be convened by the Issuer or the Trustee and shall be convened by the Issuer or (where the Issuer is STUF) the Guarantor at the request of Noteholders holding not less than 5 per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing more than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, these Terms and Conditions, the Coupons and the Trust Deed (including, as set out therein, modifying the date of maturity of the Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes or the Coupons), the quorum shall be one or more persons holding or representing not less than three-quarters in nominal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than one-quarter in nominal amount of the Notes for the time being outstanding. The Trust Deed provides that (i) a resolution passed at a meeting duly convened and held in accordance with the Trust Deed by a majority consisting of not less than three-fourths of the votes cast on such resolution, (ii) a resolution in writing signed by or on behalf of the holders of not less than three-fourths of the nominal amount of the Notes for the time being outstanding or (iii) consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Trustee) by or on behalf of the holders of not less than three-fourths of the nominal amount of the Notes for the time being outstanding, shall, in each case, be effective as an Extraordinary Resolution of the Noteholders. An Extraordinary Resolution passed by the Noteholders will be binding on all the Noteholders, whether or not they are present at any meeting, and whether or not they voted on the resolution, and on all Couponholders.

The Trustee may agree, without the consent of the Noteholders or Couponholders, to:

- (a) any modification of the Notes or these Terms and Conditions, the Coupons or the Trust Deed which is not in the opinion of the Trustee materially prejudicial to the interests of the Noteholders; or
- (b) any modification of the Notes or these Terms and Conditions, the Coupons or the Trust Deed which is of a formal, minor or technical nature or is made to correct a manifest error or an error which is, in the opinion of the Trustee, proven.

The Trustee may also agree, without the consent of the Noteholders or Couponholders, to the waiver or authorisation of any breach or proposed breach of, any of these Terms and Conditions or any of the provisions of the Trust Deed, or determine, without any such consent as aforesaid, that any Event of Default or Potential Event of Default (as defined in the Trust Deed) shall not be treated as such, which in any such case is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders.

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation, determination or substitution under Condition 18), the Trustee shall have regard to the general interests of the Noteholders as a class but shall not have regard to any interests arising from circumstances particular to individual Noteholders or Couponholders (whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Noteholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political subdivision thereof and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuers, the Guarantor, the Trustee or any other person any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders except to the extent already provided for in

Condition 8 and any undertaking given in addition to, or in substitution for, Condition 8 pursuant to the Trust Deed.

Any such modification, waiver, authorisation, determination or substitution under Condition 18 shall be binding on the Noteholders and the Couponholders and, unless the Trustee otherwise agrees, any such modification or substitution shall be notified to the Noteholders in accordance with Condition 14 as soon as practicable thereafter.

16. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of notes of other Series in certain circumstances where the Trustee so decides.

17. Contracts (Rights of Third Parties) Act 1999

No rights are conferred on any person by virtue of the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Note, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

18. Substitution

The Trustee may agree, without the consent of the Noteholders or Couponholders, to the substitution at any time or times of:

- (a) where the Issuer is STUF (i) the Guarantor or (ii) any successor company of the Issuer or the Guarantor or (iii) any other Subsidiary (other than an Excluded Subsidiary) of the Guarantor or any such successor company or (iv) any holding company of the Guarantor or any such successor company; and
- (b) where the Issuer is Severn Trent (i) any successor company of the Issuer or (ii) any Subsidiary (other than an Excluded Subsidiary) of the Issuer or any such successor company or (iii) any holding company of the Issuer or any such successor company,

as the principal debtor under the Trust Deed and the Notes. Such agreement shall also be subject to the relevant provisions of the Trust Deed, including the Trustee being satisfied that the interests of the Noteholders will not be materially prejudiced thereby and (except, where the Issuer is STUF, where the Guarantor or any such successor company of the Guarantor is the new principal debtor and, where the Issuer is Severn Trent, where the Issuer or any such successor company of the Issuer is the new principal debtor) the irrevocable and unconditional guarantee in respect of the Notes by, where the Issuer is STUF, the Guarantor or any such successor company of the Guarantor or, where the Issuer is Severn Trent, the Issuer or any such successor company of the Issuer.

Where the Issuer is STUF, the Trustee may also agree, without the consent of the Noteholders or the Couponholders, to the substitution at any time or times of (i) any successor company of the Guarantor or (ii) a Subsidiary (other than an Excluded Subsidiary) of the Guarantor acceptable to the Trustee as the guarantor under the Trust Deed and of the Notes, in each case in place of the Guarantor. Such agreement shall be subject to the relevant provisions of the Trust Deed, including the Trustee being satisfied that the interests of the Noteholders will not be materially prejudiced thereby and such successor company or Subsidiary having the benefit of the Appointment held by the Guarantor.

In the case of any proposed substitution, the Trustee may agree, without the consent of the Noteholders or the Couponholders, to a change of the law governing the Notes, the Coupons and/or the Trust Deed provided that such change would not, in the opinion of the Trustee, be materially prejudicial to the interests of the Noteholders.

19. Indemnification of the Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from taking proceedings to enforce repayment unless indemnified to its satisfaction.

The Trust Deed also contains provisions pursuant to which the Trustee is entitled, inter alia, (i) to enter into business transactions with the Issuers and the Guarantor and any of the Issuer's or the Guarantor's other Subsidiaries and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and the Guarantor and any of the Issuer's or the Guarantor's other Subsidiaries, (ii) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders or the Couponholders, and (iii) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

20. Governing Law

- (a) The Trust Deed, the Notes and the Coupons and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law.
- (b) The parties irrevocably agree, for the benefit of the Trustee, the Noteholders and the Couponholders, that the courts of England are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Trust Deed, the Notes and/or the Coupons (including a dispute relating to any non-contractual obligations arising out of or in connection with them) and accordingly submit to the exclusive jurisdiction of the English courts.
- (c) The parties waive any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. The Trustee, the Noteholders and the Couponholders may take any suit, action or proceedings (together referred to as "Proceedings") arising out of or in connection with the Trust Deed, the Notes and the Coupons (including any Proceedings relating to any non-contractual obligations arising out of or in connection with them) against the parties in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

USE OF PROCEEDS

The net proceeds from each issue of Notes will be applied by the Group (as defined in the "Terms and Conditions of the Notes") for its general corporate purposes. If, in respect of any particular issue of Notes which are derivative securities for the purposes of Article 15 of Commission Regulation No 809/2004 implementing the Prospective Directive, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

Notes may be issued as green bonds ("Green Bonds") and the applicable Final Terms will indicate whether or not the Notes are intended to constitute Green Bonds and will provide additional information in relation to the intended use of proceeds in respect of any Green Bonds.

DESCRIPTION OF SEVERN TRENT PLC

Severn Trent Plc ("Severn Trent") was incorporated as a public limited company with limited liability in England and Wales on 1 April 1989 under the Companies Act 1985 with registered number 2366619. The address of Severn Trent's registered office is the Severn Trent Centre, 2 St John's Street, Coventry, United Kingdom, CV1 2LZ and the telephone number of the registered office is +44(0)24 7771 5000. It is the ultimate holding company of Severn Trent Water Limited ("STWL") and the ultimate holding company of Severn Trent Utilities Finance Plc ("STUF"). Severn Trent is the holding company of the Severn Trent group of companies (comprising Severn Trent and its subsidiaries) (the "Group") and its ordinary shares are listed on the Premium Listing segment of the Official List of the FCA and admitted to trading on London Stock Exchange plc's main market.

Severn Trent was listed on the London Stock Exchange in December 1989, along with nine other water and sewerage companies, as part of the United Kingdom government's privatisation programme for the water industry in England and Wales. Severn Trent provides water and wastewater services in Central England and parts of Wales through its wholly owned subsidiary, STWL.

The Group comprises two main business divisions: (i) "Regulated Water and Waste Water" which includes the wholesale water and waste water activities of the group's regulated businesses, STWL and Hafren Dyfrdwy and its retail services to domestic customers (see "Description of Severn Trent Water Limited"); and (ii) Severn Trent Business Services ("STBS") which focuses on Bioresources, Green Power, Operating Services and Property Development in the UK and also in Ireland (see below "Severn Trent Business Services"). Details of the principal operating subsidiaries are set out at Note 46 to the audited annual financial statements of Severn Trent for the financial year ended 31 March 2019. Unless otherwise specified by reference to Hafren Dyfrdwy, the description of STWL includes its wholly owned subsidiary Hafren Dyfrdwy. It should be noted that the Group's non-regulated businesses are, as a whole, inherently more exposed to the economic cycle than its Regulated Water and Waste Water division. The turnover for the Group is primarily derived from these two main business divisions and, for the year ending 31 March 2019, was £1,767.4 million with the profit before interest, tax, amortisation of acquired intangible assets and exceptional items ("PBIT") being £573.6 million. This turnover consisted of £1,583.1 million for the Regulated Water and Waste Water reportable segment, £200.9 million for the STBS reportable segment and £0.4 million for corporate and other activities, offset by £17.0 million consolidation adjustments. PBIT consisted of £527.0 million for the Regulated Water and Waste Water reportable segment and £64.1 million for the STBS reportable segment, offset by an £8.2 million underlying loss for corporate and other activities and £9.3 million consolidation adjustments. As at 31 March 2019, the issued share capital of Severn Trent is £235.9 million divided into 240,943,929 ordinary shares of 97 17/19p, each of which is fully paid.

Severn Trent's objects and purposes are not restricted by its Articles of Association.

Severn Trent Business Services

DESCRIPTION OF SEVERN TRENT WATER LIMITED

Severn Trent Water Limited ("STWL") was incorporated on 1 April 1989 with limited liability in England and Wales under the Companies Act 1985 with registered number 2366686. It was established for the purpose of assuming the business carried on by the Severn Trent Water Authority prior to the privatisation of the water industry in England and Wales. Its principal business is the provision of water supply and sewerage services. STWL is regulated under the Water Industry Act 1991. STWL is the wholly-owned principal operating subsidiary of Severn Trent. STUF is a wholly owned subsidiary of STWL.

On 15 February 2017 STWL completed the acquisition of Dee Valley Water, a water-only company which operates in Wrexham, Chester and the surrounding areas and served around 125,000 properties.

On 23 March 2018, Ofwat announced a consultation under section 103 of the Water Industry Act 1991 on a proposed modification of the STWL and Dee Valley Water licences. The modification, came into effect from 1 July 2018 and resulted in a re-alignment of the Group's English and Welsh licences along national boundaries, with English customers served by STWL and Welsh customers served by Dee Valley Water. The licence was also amended to enable Dee Valley Water to act as a Water and Sewerage undertaker to its customers in Powys.

From 1 July 2018, the Welsh business, Dee Valley Water was rebranded as Hafren Dyfrdwy . As part of the change, the licences of the two companies (STWL and Hafren Dyfrdwy) have been updated to reflect Ofwat updated licence conditions, including up-to-date financial and regulatory ring-fencing conditions. Hafren Dyfrdwy is a wholly owned subsidiary of STWL. As such, references to STWL include the activities of both STWL (the English business) and Hafren Dyfrdwy (the Welsh business).

Region

STWL and Hafren Dyfrdwy are two of the eleven regulated water and sewerage businesses in England and Wales (each a "WASC"), covering a region which stretches from the Bristol Channel to the Humber estuary and from north and mid-Wales to the East Midlands. This region includes the cities of Birmingham, Coventry, Derby, Leicester, Nottingham, Stoke-on-Trent, Worcester and Gloucester. STWL and Hafren Dyfrdwy provide water and wastewater services to 4.5 million households and businesses and in the year ended 31 March 2019 supplied an average of 2.0 billion litres of drinking water per day and treated around 2.9 billion litres of waste water per day. South Staffordshire Water Plc supplies a part of the region's water requirements.

Vision and Strategy

STWL's vision is to be the UK's most trusted water company by 2020. STWL's strategy is to transform service today, drive growth and shape the water industry for tomorrow for the mutual benefit of its customers, communities and investors. This is intended to be achieved by:

- embedding customers at the heart of the business by improving the way customers engage with the company through improved insight and understanding what's important to them;
- driving operational excellence and continuous improvement by building a smart water and waste water network, developing business intelligence and simplifying cross business processes;
- investing responsibly for sustainable growth by developing an effective strategy which optimises the regulated asset base, whilst creating new growth opportunities for the future;
- changing the market for the better, by embracing market opening in the UK and exploring opportunities for growth in the new water markets worldwide; and
- creating a positive work environment by creating a culture of empowerment and accountability with a focus on skills, talent and career development.

Investment Programme

During the year ended 31 March 2019, STWL spent over £750 million on its regulated asset base and a further £141 million in renewing its infrastructure network. This expenditure encompassed finding and fixing leaks, reducing the number of supply interruptions through investment in the

distribution network, improving the water and waste water treatment plants and upgrades to the sewer network to reduce incidents of sewer flooding.

The largest single scheme in the plan – and the largest by any WASC during AMP6 – is the £300 million Birmingham Resilience Scheme. Due for completion by 2020, it will create a second major source of water for Birmingham. During the year ended 31 March 2019 progress included completion of the 25km raw water pipeline that will transport water from the River Severn to the Frankley water treatment site.

Work continues on a £60 million project to protect 400 homes and businesses at Newark in Nottinghamshire from sewer flooding and to provide the town with a more reliable water supply. The Group is installing 4km of high volume sewers to reduce flooding risk, as well as 10km of new water network to improve the water supply. A major milestone was achieved during the 2019 financial year, with the completion of a 3km tunnel which encircles the town 15 metres below ground.

The company also started work on a new £11 million investment to improve the resilience and reliability of the clean water supplied to around 55,000 people in Stroud, Gloucestershire. The upgrade project will see 16km of new pipeline stretching from Minchinhampton reservoir to Whaddon.

The water and sewerage industry

The water and sewerage industry in England and Wales delivers services to over 50 million household and non-household consumers. There are 17 regional suppliers, 11 of which – including STWL and Hafren Dyfrdwy – provide water and sewerage services. The other six suppliers provide water services only.

The UK water industry was privatised in 1989 and has made significant progress through innovation, greater efficiency and a substantial increase in investment.

Despite the sector's progress since privatisation, it still faces substantial challenges which need to be met while still keeping bills affordable for customers. In particular:

- Much of the sector's infrastructure is ageing, with some dating back to the early 20th century, which means there is a need to continue to reinvest in the renewal of the networks.
- The UK is experiencing more extreme weather. This means STWL needs to build additional resilience, so it can cope with increased flooding and periods of drought.
- The UK's population is growing, which is adding to the pressure on water resources and STWL's networks. STWL serves 4.5 million households and businesses. STWL needs to ensure it has the right infrastructure and resources in place to meet the needs of its customers.
- STWL's customers expect continuing improvements in levels of service in terms of quality levels and response times while also expecting their bills to remain stable or reduce, making it ever more challenging for all organisations to meet their customers' expectations.
- The water industry has to compete for global capital to invest in the required infrastructure and improved service levels. The sector must remain an attractive investment opportunity for equity and debt investors.

Regulatory Environment

STWL is a regulated business. The water industry works within 5 year regulatory planning cycles, known as Asset Management Plan ("AMP") periods. The sixth asset management period ("AMP6"), started on 1 April 2015 and Ofwat is currently completing its assessment of business plans for AMP7 (PR19).

The industry operates within the following policy and regulatory framework:

- The European Union ("EU") sets water, waste water and environmental standards across member countries.

- The UK Government sets the overall water and sewerage policy framework. This is done by the Department for Environment, Food and Rural Affairs (Defra) in England, and by the Welsh Government in Wales.
- Ofwat is STWL's economic regulator, which means that it sets limits on the prices water companies can charge their customers in each AMP period, and ensures that they carry out their functions properly and are appropriately financed.
- The DWI is the drinking water quality regulator and makes sure water companies comply with the water quality regulations.
- The EA is the environmental regulator in England. It controls water abstraction, river pollution and flooding.
- Natural Resources Wales is the environmental regulator in Wales. It ensures that the country's natural resources are sustainably maintained, enhanced and used.

STWL, and other water companies, also work with other agencies, including:

- Natural England, which protects and improves England's natural environment;
- The Consumer Council for Water (CCW), which represents the industry's customers; and
- The Health and Safety Executive helps the Group to reduce the health and safety risks faced by its employees, customers and visitors.

The current regulatory regime in AMP6

During 2014, Ofwat concluded its periodic price review for AMP6, which runs from April 2015 to March 2020 ("PR14"). As part of its periodic AMP reviews, Ofwat sets the prices a water company can charge its customers which are intended to allow the companies to finance their operations and earn a reasonable return on capital. As part of the AMP6 process, Ofwat has set separate, binding revenue caps for water wholesale and wastewater wholesale activities, with an inflation adjustment. Ofwat has also set controls for the pricing of household retail activities (based on an "average cost to serve") and non-household retail activities (where "default tariffs" are set to protect customers who do not or are not able to switch). STWL's approved AMP6 business plan provides for a basic wholesale weighted average real cost of capital of 3.6 per cent. and net profit margins of 1 per cent. and 2.5 per cent. for household retail and non-household retail, respectively. This equates to a base return on regulatory equity ("RoRE") of 5.7 per cent., before incentives based on Ofwat's view of a notional company's capital structure.

Key features of the regulatory regime for AMP6 include:

- **Greater flexibility to spend money where it is most needed.** In previous AMPs, approved expenditure was split between capital expenditure ("Capex"), to meet long term investment needs, or operating expenditure ("Opex"), to meet day-to-day running costs. The ability to earn a return on Capex under AMP5 arguably incentivised companies to be risk averse, and seek Capex solutions to issues, even if Opex might be more efficient. In AMP6 Ofwat has considered expenditure on a total expenditure ("Totex") basis, removing the Capex bias so companies are encouraged to choose the most sustainable, cost effective and innovative solutions to meet their commitments. Companies are also incentivised to outperform the Totex expenditure limits through a gain sharing incentive mechanism where companies are allowed to retain a proportion of any efficiency gains and customers benefit from lower bills in the future.
- **Aligning the interests of customers and investors.** In AMP6, company performance is measured against metrics known as Output Delivery Incentives ("ODIs"). While failure to achieve targets can lead to penalties, as in previous AMPs, many of these ODIs also include incentives for companies to outperform. Ofwat encouraged companies to set high level outcomes and performance commitments, in consultation with their customers and stakeholders. ODIs are based on what the customer engagement told STWL was important to them, outperformance means that both customers and companies benefit. Ofwat have imposed an overall cap and collar on ODIs of plus 2 per cent. or minus 2 per cent. of the RoRE.

- **A better environment.** Several ODIs are designed to deliver important environmental improvements, such as better river water quality, which focuses companies on achieving their environmental commitments over the next five years.
- **Reduced bills for customers.** While customers must be willing and able to pay for the costs of the programmes STWL will deliver during AMP6, they will benefit from rising standards as well as an average reduction in bills of 5 per cent. across the industry. Water companies are also required to be doing substantially more to help people who struggle to pay their bills, for example by improving the social tariffs they offer.

The future regulatory regime – AMP7

The regulatory framework applicable to STWL continues to evolve. PR19, the price review for AMP7 focuses on four key themes - customer service, affordability, resilience and innovation - and includes the following developments and changes:

- Customer engagement, with the involvement of customers in the development of companies' business plans;
- Continued and extended use of ODIs;
- Transition from the indexation of customer bills and companies' assets using the retail price index (RPI) to the consumer price index including owner occupiers' housing costs (CPIH);
- Separate price controls for bioresources and water resources to facilitate the development of competition in these areas;
- Use of indexation mechanism for the cost of new debt, whereby the cost of new debt is indexed against the iBoxx indices for non-financial companies rated A and BBB with a tenor of greater than 10 years; and
- Adoption of principles as set out in the July 2018 position statement 'Putting the sector in balance' to encourage companies to take the interests of customers into account when determining financial structure. These include the sharing of financing gains from high gearing (greater than 70 per cent.) with customers and alignment of dividend and executive pay policies to customer outcomes.

STWL and Hafren Dyfrdwy's business plans for AMP7 were submitted on 3 September 2018.

On 31 January 2019, Ofwat announced STWL was selected as a fast-track company following the assessment of its business plan. STWL was one of only three water companies selected for fast-track status.

On 11 April 2019, STWL received its draft determination from Ofwat. The draft determination sets out:

- the outcomes for STWL to deliver;
- the allowed revenue that STWL can recover from its customers; and
- how OFWAT determined the allowed revenue based on their calculation of efficient costs and the allowed return on capital

The final determination from Ofwat is expected to be published in December 2019.

On 31 January 2019 Ofwat announced Hafren Dyfrdwy's business plan was given 'significant-scrutiny' status. The Hafren Dyfrdwy plan was resubmitted in March 2019. The draft determination from Ofwat is expected to be published in July 2019 and the final determination is expected to be published in December 2019.

Licence Appointment Conditions

STWL and Hafren Dyfrdwy both hold appointments granted by the Secretary of State for the Environment, Food & Rural Affairs (the "Secretary of State") as a water and sewerage undertaker pursuant to the Water Industry Act 1991 (the "Water Act"). Either appointment (the "Appointments") may be terminated on 25 years' notice (although they may be terminated or transferred prior to the end of that period in certain circumstances which are specified in the Water Industry Act 1991 or in the Appointment).

The Appointments are subject to a range of conditions including:

- provisions relating to the operation of price control (see the section entitled "The current regulatory regime in AMP6" above);
- a prohibition on undue discrimination or undue preference in setting charges for water supply or sewerage services;
- provisions to ensure that the financial affairs of the regulated business can be separately assessed and reported on;
- obligations on STWL to ensure that it has adequate management resources and financial resources and facilities to enable it to carry out the regulated activities under both licences;
- restrictions on the disposal of land and an obligation on the licence holders to ensure, so far as reasonably practicable, that if a special administration order were made in respect of it, it would have sufficient rights and assets (other than financial resources) to enable the special administrator to manage its affairs, business and property so that the purposes of such an order could be achieved;
- provisions on the payment of fees and the supply of information to Ofwat;
- a provision allowing the licence to be terminated on 25 years' notice;
- provisions relating to water supply licensing competition including those requiring compliance with an access code and Ofwat's "Customer Transfer Protocol"; and
- a requirement that transactions with associated companies must be on an arm's length basis without cross subsidy.

Appointment conditions can be modified by Ofwat, either with the licence holder's agreement or following reference to the Competition and Markets Authority ("CMA") for a decision on public interest grounds. Appointment modifications can also result, in certain circumstances, from a merger or market investigation reference to the CMA.

Interim Determinations and 'Shipwreck' Clauses

There are certain circumstances where, provided a specified materiality threshold is exceeded, STWL can request and/or Ofwat can instigate a re-setting of the price cap between the periodic price reviews. This is known as an Interim Determination of K ("IDOK").

The circumstances in which an IDOK is available include changes in certain legal or regulatory obligations as well as changes in costs relating to issues specified at the time of the price review. Following PR14 STWL had one outstanding notified item in relation to "cumulo rates" (business rate charges for the water wholesale). The rating review was subsequently completed and did not result in a material change to costs, so STWL has not applied for an IDOK.

STWL can appeal to the CMA with respect to any price limits which are set by Ofwat pursuant to a periodic review or IDOK. The CMA will determine any such appeal in accordance with the same principles as apply to Ofwat in setting price limits.

The Appointments also include a 'shipwreck' or substantial effect clause, which allows either licence holder's price limits to be revised when events beyond their control have a significant effect on its business (equivalent over five years to more than 20 per cent. of annual revenue).

Enforcement and Special Administration Regime

The Water Act 2003 gives Ofwat the power to impose financial penalties on the statutory undertaker which contravenes any condition of its Appointment or any of certain statutory requirements or fails to meet performance standards prescribed pursuant to the Water Industry Act 1991. Such penalties may be up to 10 per cent. of the undertaker's relevant regulated turnover. In addition, where Ofwat is satisfied that an undertaker is in breach of a condition of its Appointment or certain of its statutory obligations, it has the power to secure compliance by means of an enforcement order. Failure to comply with an enforcement order can lead to court action by Ofwat for an injunction and claims for compensation by any person who suffers loss or damages as a result of the breach. Alternatively, where actual or likely contravention of an enforcement order (or of one of the undertakers principal statutory duties under the Water Industry Act 1991) is so serious as to make it inappropriate for the undertaker to continue to hold its Appointment, the Secretary of

State or, with his or her consent, Ofwat, may apply to the High Court for the appointment of a special administrator. A special administrator may also be appointed in other circumstances such as where the undertaker is, or is likely to be, unable to pay its debts.

A special administrator, who would have extensive functions similar to those of an administrator under the Insolvency Act 1986, but with certain important differences. The person appointed as a special administrator would be appointed only for the purposes of transferring as a going concern to one or more different water undertakers or, as the case may be, sewerage undertakers so much of the business of the undertaker as was necessary for the proper carrying out of its functions (the "transfer purpose") and pending the transfer, of carrying out those functions. Once the relevant provisions of the Flood and Water Management Act 2010 are brought into force, where an undertaker is placed in special administration on the grounds that it is, or is likely to be, unable to pay its debts, the special administrator will be required to seek to rescue the undertaker as a going concern (the "rescue purpose") rather than to transfer its business in accordance with the transfer purpose. However, the special administrator must pursue the transfer purpose instead of the rescue purpose where he thinks that a rescue is unlikely to be possible or that the objectives of a special administration order would be better achieved through a transfer.

If a special administration order were made in respect of STWL, it would be for the special administrator to agree the terms of the transfer of all or any of the business of STWL on behalf of STWL, subject to the provisions of the Water Industry Act 1991. Until another company has been appointed as an undertaker in its place and its appointment as a water undertaker or sewerage undertaker is terminated, an undertaker may not be wound-up, nor may an administrator under the Insolvency Act 1986 be appointed in respect of it.

During the period of a special administration order, an undertaker is managed in such a way as to achieve the purposes of such order and in a manner that seeks to protect the respective interests of members and creditors of the undertaker. However, the effect of other provisions of the Water Industry Act 1991 is ultimately to subordinate members' and creditors' rights in favour of the purposes of the special administration order.

Competition

Under the Water Industry Act 1991, water and water and sewerage undertakers effectively have substantial monopolies within their appointed areas, although there was limited provision for competition; and there was a special merger regime applying to mergers between such undertakers which is additional to and more restrictive than the general United Kingdom merger control regime.

The Water Act 2003 provided for extending competition through new entrants. Water supply competition was opened up in December 2005, when very large non-household customers (those with an annual consumption of over 50 megalitres per year at each site) were allowed to choose their water supplier. Under this arrangement, the new water supplier would buy water directly from the regional water company and be allowed to use their network for this water supply.

In December 2011, this market was opened up further, with the threshold being reduced to five megalitres a year.

The Water Act 2014 reduced the water supply threshold to zero for non-household customers and also was expanded to include sewerage as well as water services. In April 2017 the non-household retail market was opened up to competition.

The Water Act 2014 also introduced a range of other measures to facilitate competition. These include a power for Ofwat to compel a water company to supply water in bulk and to grant access to its sewerage system to other companies. The Water Act 2014 also made provision for Ofwat to publish codes and rules regarding the terms and conditions of bulk supply or access and the charges that companies can levy.

The Water Act 2014 also paves the way for the future introduction of competition for certain parts of the upstream wholesale business (for example the input of raw or treated water into a water company's network or the removal of wastewater for treatment). The introduction of significant upstream markets is likely to be limited because the RCV relating to the assets/infrastructure for these markets is somewhat lower than the replacement cost. The challenge for competitors

wanting to enter these markets is that they would face high costs in creating infrastructure and thereafter wouldn't be able to compete on price with those companies already in the market.

Environmental and Public Health Regulation

The water and wastewater industry in the United Kingdom is subject to substantial domestic and EU regulation, placing significant statutory obligations on STWL with regard to, amongst other factors, the quality of treated water supplied, wastewater treatment and the effects of STWL's activities on the environment, biodiversity and human health and safety.

The ongoing development of such regulation could lead to additional obligations and restrictions being imposed on STWL which may adversely impact its operations and increase operating costs and/or capital expenditure.

Directors of STWL

As part of the Group's strategy of focusing on water, all the current executive and non-executive Directors of STWL are appointed to identical positions in Severn Trent (see "Description of Severn Trent Plc – Directors of Severn Trent").

TAXATION

UNITED KINGDOM TAXATION

The comments below are based on the Issuers' understanding of current United Kingdom law and HM Revenue and Customs ("HMRC") published practice and describe only the United Kingdom withholding tax treatment of payments of principal and interest in respect of the Notes. They do not deal with any other United Kingdom taxation implications of acquiring, holding, or disposing of Notes. The comments apply only to persons who are the absolute beneficial owners of Notes and who are resident and (if individuals) domiciled in the United Kingdom for tax purposes and some aspects do not apply to certain classes of person (such as dealers and persons connected with the relevant Issuer for any tax purpose) to whom special rules may apply. The comments below are of a general nature only and the tax treatment for Noteholders may, depending upon the terms of the relevant tranche of Notes, differ from that below. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Noteholders who are in any doubt as to their tax position or who may be subject to tax in a jurisdiction other than the United Kingdom are strongly advised to consult their own professional advisers.

Interest on the Notes

1. *UK Withholding tax*

Payments of interest by the Issuer on the Notes may be made without withholding or deduction for or on account of United Kingdom income tax provided that the Notes are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007. The London Stock Exchange is a recognised stock exchange for these purposes. Securities will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning of and in accordance with the provisions of Part 6 of the FSMA) and admitted to trading on the London Stock Exchange. Provided, therefore, that the Notes are and remain so listed, interest on the Notes paid by the Issuer will be payable without withholding or deduction for or on account of United Kingdom tax.

Interest on the Notes paid by the Issuer may also be paid without withholding or deduction for or on account of United Kingdom tax where such interest is paid by a company and, at the time the payment is made, the Issuer reasonably believes (and any person by or through whom interest on the Notes is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest; provided that HMRC has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

Interest on the Notes paid by the Issuer may also be paid without withholding or deduction on account of United Kingdom income tax where the maturity of the Notes is less than 365 days and those Notes do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest paid by the Issuers on the Notes that has a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.). This withholding obligation is subject to any direction to the contrary by HMRC where an applicable double taxation treaty provides for a lower rate of withholding (or for no tax to be withheld) in relation to a Noteholder.

2. *Payments by the Guarantor*

If the Guarantor makes any payments in respect of interest on the Notes such payments may be subject to withholding on account of United Kingdom tax at the basic rate (currently 20 per cent.), subject to such relief as may be available under the provisions of any applicable double taxation treaty or any other relief that may apply. Such payments by the

Guarantor may not be eligible for the exemptions from the obligation to withhold tax described in 1 above.

3. *Discount and premium*

Where Notes are issued at an issue price of less than 100 per cent. of their principal amount, any payments in respect of the accrued discount paid by the Issuer should not be made subject to any withholding or deduction for or on account of United Kingdom income tax as long as they do not constitute payments in respect of interest. Such notes may constitute "deeply discounted securities" for the purposes of Chapter 8 of Part 4 of the Income Tax (Trading and Other Income) Act 2005.

Where Notes are issued on terms that a premium is or may be payable on redemption, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest and, if so, the provisions described above relevant to interest will apply.

4. *Index-Linked Redemption Notes*

Index-Linked Redemption Notes may constitute "deeply discounted securities" for the purposes of Chapter 8 of Part 4 of the Income Tax (Trading and Other Income) Act 2005.

5. *Interpretations*

The references to "interest", "discount", "principal" and "premium" in this section mean "interest", "discount", "principal" and "premium" as understood in United Kingdom tax law. The statements in this section do not take account of any different definitions of "interest", "discount", "principal" and "premium" which may prevail under any other law or which may be created by the terms and conditions of the Notes or any related documentation.

U.S. FOREIGN ACCOUNT TAX COMPLIANCE WITHHOLDING

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" (as defined by FATCA) may be required to withhold on certain payments it makes ("foreign passthru payments") to persons that fail to meet certain certification, reporting or related requirements. The Issuers may be foreign financial institutions for these purposes. A number of jurisdictions (including the United Kingdom) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("IGAs"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register, and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of an Issuer). However, if additional Notes (as described under Condition 16), that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Noteholders should consult their own tax advisers regarding how these rules may apply to their investment in Notes.

THE PROPOSED FINANCIAL TRANSACTIONS TAX ("FTT")

On 14 February 2013, the European Commission published a proposal (the "Commission's Proposal") for a Directive to establish a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "participating Member States"). However, Estonia has since stated that it will not participate.

The Commission's Proposal is very broad in scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article (5)(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

PROSPECTIVE HOLDERS OF NOTES ARE ADVISED TO SEEK THEIR OWN PROFESSIONAL ADVICE IN RELATION TO THE FTT.

SUBSCRIPTION AND SALE

The Dealers have, in an amended and restated programme agreement (the "Programme Agreement") dated 20 June 2019 agreed with the Issuers and the Guarantor a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "Form of the Notes" and "Terms and Conditions of the Notes". In the Programme Agreement, the Issuers (failing which, where the Issuer is STUF, the Guarantor) have agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

United States

The Notes have not been and will not be registered under the Securities Act, or the securities laws of any state or other jurisdiction of the United States, and may not be offered or sold within the United States or to, or for the account or benefit of, US persons except in certain transactions exempt from, or not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by the US Internal Revenue Code.

The Notes are subject to US tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by US Treasury regulations. Terms used in this paragraph have the meanings given to them by the US Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (i) as part of their distribution of all Notes of the Tranche of which such Notes are a part at any time or (ii) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, within the United States or to, or for the account or benefit of, US persons except in accordance with Regulation S of the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, US persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Prohibition of Sales to EEA Retail Investors

Unless the Final Terms in respect of any Notes specifies the "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area. the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "Relevant Implementation Date") it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the relevant Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (c) above shall require the relevant Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of Notes to the public" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State. The expression "Prospectus Directive" means Directive 2003/71/EC (as amended or superseded), and includes any relevant implementing measure in the Relevant Member State.

Dealers transacting with the Issuers and the Guarantor

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuers, the Guarantor and their respective affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuers, the Guarantor and their respective affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities

and/or instruments of the Issuers or the Issuers' respective affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuers and Guarantor routinely hedge their credit exposure to the Issuers and / or the Guarantor consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Index-Linked Notes

The RPI is a measure of inflation in the United Kingdom. The RPI has been used as a measure of inflation since 1947 and measures the average change from month to month in the prices of goods and services purchased by households in the United Kingdom. The spending pattern on which the RPI is based is revised each year, mainly using information from official expenditure and food surveys.

The RPI is compiled by the United Kingdom Office of National Statistics ("ONS") using a large and representative selection of separate goods and services for which price movements are regularly measured throughout the United Kingdom.

CPI is a measure of inflation in the United Kingdom and is produced to international standards and is in line with European regulations. The CPI is the inflation measure which has been increasingly used by the Government and has been the basis of the Bank of England's target for inflation since December 2003. Approximately 180,000 separate price quotations are used each month in compiling CPI. It takes two or three weeks for the ONS to compile the index, so it publishes each month's CPI figure during the following month, i.e. the figure relating to January will be published in February.

CPIH is a measure of UK consumer price inflation that includes owner occupiers' housing costs ("OOH"). These are the costs of housing services associated with owning, maintaining and living in one's own home. OOH does not include costs such as utility bills, minor repairs and maintenance, which are already included in the main CPI index. CPIH uses an approach called rental equivalence to measure OOH. Rental equivalence uses the rent paid for an equivalent house as a proxy for the costs faced by an owner occupier. It takes two or three weeks for the ONS to compile the index, so it publishes each month's CPI figure during the following month, i.e. the figure relating to January will be published in February.

More information on RPI, CPI and CPIH, including past and current levels, can be found at the following website: <https://www.ons.gov.uk/economy/inflationandpriceindices>
