EFFICIENT AND ETHICAL PROCUREMENT - DELIVERING COMMERCIAL AND COMPETITIVE ADVANTAGE AND MANAGING RISK FOR OUR CUSTOMERS

Our aim is simple – to create a competitive advantage for our customers whilst maintaining the highest standards. That’s why we work closely with colleagues and suppliers to deliver best value for money. It’s only natural that we want the best arrangements so we can deliver value to our customers. While it’s important to build and develop good relationships, it’s more important to us that we manage them properly.

We know that the way we manage our work with our suppliers and partners has a huge impact on our reputation and success in continuing to charge the lowest for water. That’s why we value our relationship with suppliers and are open to those we’ve not worked with before.

This policy outlines what is expected of all those involved in procurement activities, enabling them to uphold our values of acting with integrity and putting our customers first. Complying with this policy enables employees to maintain proper standards of fairness and integrity in business relationships with colleagues and suppliers.
